Accounting and Disclosure Changes

FASB Accounting Standards Codification - Topic 842 (Leases) ("Leases Standard")

Effective January 1, 2019, Regency adopted Accounting Standards Codification (ASC) Topic 842, *Leases*, under the modified retrospective transition approach allowing for initial application at the date of adoption. The Company also elected to reclassify the prior period amounts to conform to the current year presentation. The financial statements have been impacted as follows:

Consolidated Statements of Operations

- All lease income earned pursuant to tenant leases in 2019, and as reclassified for 2018, which includes but is not limited to Base rent, Recoveries from tenants and Percentage rent, is reflected in Lease income.
- Lease income is presented net of revenues deemed uncollectible for the current period. Prior period presentation of this line item was included in Operating expenses as Provision for doubtful accounts
- Real estate revenues earned not specific to tenant leases in 2019 have been reclassified from Recoveries from tenants and other income to Other property income.
- Indirect internal leasing and legal costs associated with the execution of lease agreements that
 were previously capitalized are expensed in General and administrative in Operating expenses in
 the current period.

Consolidated Balance Sheets

 Addition of Lease liabilities and corresponding Right of use assets, net of or including the opening balance for straight line rent and above/below market intangibles, for its ground and office leases where Regency is the lessee.

NAREIT Funds from Operations

Regency prospectively adopted the NAREIT FFO White Paper – 2018 Restatement ("2018 FFO Whitepaper"), and elected the option of excluding gains on the sale and impairments of land from NAREIT FFO, which are considered incidental to the Company's main business. Prior period amounts were not restated to conform to the current year presentation of NAREIT FFO, and therefore include gains on sales and impairments of land.

Non-GAAP Disclosures

We use certain non-GAAP performance measures, in addition to the required GAAP presentations, as we believe these measures improve the understanding of the Company's operational results. We provide prorata financial information because we believe it assists investors and analysts in estimating our economic interest in our consolidated and unconsolidated partnerships, when read in conjunction with the Company's reported results under GAAP. We believe presenting our pro-rata share of assets, liabilities, and operating results, along with other non-GAAP measures, makes comparisons of other REITs' operating results to the Company's more meaningful. We continually evaluate the usefulness, relevance, limitations, and calculation of our reported non-GAAP performance measures to determine how best to provide relevant information to the public, and thus such reported measures could change.

The pro-rata information provided is not, and is not intended to be, presented in accordance with GAAP. The pro-rata supplemental details of assets and liabilities and supplemental details of operations reflect our proportionate economic ownership of the assets, liabilities and operating results of the properties in our portfolio.

Disclosures

December 31, 2019

- The items labeled as "Consolidated" are prepared on a basis consistent with the Company's consolidated financial statements as filed with the SEC on the most recent Form 10-O or 10-K, as applicable.
- The columns labeled "Share of JVs" represent our ownership interest in our unconsolidated (equity method) investments in real estate partnerships, and was derived on a partnership by partnership basis by applying to each financial statement line item our ownership percentage interest used to arrive at our share of investments in real estate partnerships and equity in income or loss of investments in real estate partnerships during the period when applying the equity method of accounting to each of our unconsolidated partnerships.
- A similar calculation was performed for the amounts in columns labeled "Noncontrolling Interests", which represent the limited partners' interests in consolidated partnerships attributable to each financial statement line item.

We do not control the unconsolidated partnerships, and the presentations of the assets and liabilities and revenues and expenses do not necessarily represent our legal claim to such items. The partners are entitled to profit or loss allocations and distributions of cash flows according to the operating agreements, which generally provide for such allocations according to their invested capital. Our share of invested capital establishes the ownership interest we use to prepare our pro-rata share.

The presentation of pro-rata financial information has limitations as an analytical tool. Some of these limitations include, but are not limited to the following:

- The amounts shown on the individual line items were derived by applying our overall economic ownership interest percentage determined when applying the equity method of accounting or allocating noncontrolling interests, and do not necessarily represent our legal claim to the assets and liabilities, or the revenues and expenses; and
- Other companies in our industry may calculate their pro-rata interests differently, limiting the comparability of pro-rata information.

Because of these limitations, the supplemental details of assets and liabilities and supplemental details of operations should not be considered independently or as a substitute for our financial statements as reported under GAAP. We compensate for these limitations by relying primarily on our GAAP results and using the pro-rata details as a supplement.

The following non-GAAP measures, as defined in the Glossary of Terms, are commonly used by management and the investing public to understand and evaluate our operating results and performance:

- NAREIT Funds From Operations (NAREIT FFO): The Company believes NAREIT FFO provides a performance measure that, when compared year over year, reflects the impact on operations from trends in occupancy rates, rental rates, operating costs, acquisition and development activities, and financing costs. The Company provides a reconciliation of Net Income Attributable to Common Stockholders to NAREIT FFO.
- Net Operating Income (NOI): The Company believes NOI provides useful information to investors to measure the operating performance of its portfolio of properties. The Company provides a reconciliation of Net Income Attributable to Common Stockholders to pro-rata NOI.
- Core Operating Earnings (previously Operating FFO): The Company believes Core Operating Earnings, which excludes certain non-cash and non-comparable items from the computation of NAREIT FFO that affect the Company's period-over-period performance, is useful to investors because it is more reflective of the core operating performance of its portfolio of properties. The Company provides a reconciliation of NAREIT FFO to Core Operating Earnings.

Disclosures

December 31, 2019

Same Property NOI: The Company provides disclosure of NOI on a same property basis because it believes the measure provides investors with additional information regarding the operating performances of comparable assets. Same Property NOI excludes all development, non-same property and corporate level revenue and expenses. The Company also provides disclosure of NOI excluding termination fees, which excludes both termination fee income and expenses.

Regency Centers Reports Fourth Quarter and Full Year 2019 Results

JACKSONVILLE, FL. (February 12, 2020) – Regency Centers Corporation ("Regency" or the "Company") today reported financial and operating results for the period ended December 31, 2019.

Fourth Quarter and Full Year 2019 Highlights

- For the three months ended December 31, 2019, Net Income Attributable to Common Stockholders ("Net Income") of \$0.24 per diluted share.
- Fourth quarter NAREIT Funds From Operations ("NAREIT FFO") of \$1.00 per diluted share.
- Year-to-date same property Net Operating Income ("NOI"), excluding termination fees, increased 2.1%, as compared to the same period in 2018.
- As of December 31, 2019, the same property portfolio was 95.1% leased.
- Fourth quarter total comparable leasing volume of 1.8 million square feet of new and renewal leases, with total rent spreads of 11.3%.
- On a trailing twelve months basis, rent spreads on comparable new and renewal leases were 13.1% and 7.4%, respectively, with total rent spreads of 8.5%.
- During the fourth quarter, Regency sold three shopping centers for a combined sales price of \$58.8 million.
- For the full year 2019, the Company started nearly \$265 million of developments and redevelopments and completed \$230 million at a projected stabilized yield of 7.2%.
- During the quarter, Regency was included in Newsweek's inaugural America's Most Responsible Companies 2020 list. The Company was named as one of the Top 10 companies in the Real Estate and Housing sector.
- On February 4, 2020, Regency's Board of Directors (the "Board") declared a quarterly cash dividend on the Company's common stock of \$0.595 per share, representing an annualized increase of 1.7%.

"Regency's team delivered another year of good results. We finished the year with solid earnings growth and healthy leasing volumes as retailers and service providers remain focused on the importance and value of high quality physical locations to provide customers with the best possible combination of convenience, service and experience" said Lisa Palmer, President and Chief Executive Officer.

Financial Results

Regency reported Net Income for the fourth quarter of \$40.3 million, or \$0.24 per diluted share, compared to Net Income of \$78.9 million, or \$0.46 per diluted share, for the same period in 2018. For the twelve months ended December 31, 2019, Net Income was \$239.4 million, or \$1.43 per diluted share, compared to \$249.1 million, or \$1.46 per diluted share, for the same period in 2018. Net Income in the fourth quarter of 2019 included an impairment charge of \$40.3 million, or \$0.24 per diluted share,

recognized on the 101 7th Avenue asset, which is occupied by a single retail tenant, Barneys New York, that filed bankruptcy and is expected to terminate its lease in February 2020. As a result, the Company reassessed the expected hold period of the property as well as its highest and best use, resulting in a reduction of the carrying value to its estimated fair value.

The Company reported NAREIT FFO for the fourth quarter of \$168.5 million, or \$1.00 per diluted share, compared to \$167.2 million, or \$0.98 per diluted share, for the same period in 2018. For the twelve months ended December 31, 2019, NAREIT FFO was \$654.4 million, or \$3.89 per diluted share, compared to \$652.9 million, or \$3.83 per diluted share, for the same period in 2018. For the twelve months ended December 31, 2019, results include a charge of \$12.0 million, or \$0.07 per share, related to an early extinguishment of debt. For the twelve months ended December 31, 2018, results include a charge of \$11.2 million, or \$0.07 per share, related to an early extinguishment of debt and income of \$6.7 million, or \$0.04 per share, related to gains on land sales.

The Company reported Core Operating Earnings for the fourth quarter of \$152.9 million, or \$0.91 per diluted share, compared to \$149.9 million, or \$0.88 per diluted share, for the same period in 2018. Core Operating Earnings per share growth was 3.4% for the fourth quarter and 4.3% year-to-date when adjusted for the adoption of Accounting Standard Codification 842, *Leases*. The Company views Core Operating Earnings, which excludes from NAREIT FFO certain non-recurring items as well as non-cash components of earnings derived from above and below market rent amortization, straight-line rents, and amortization of debt mark-to-market, as a better measure of business performance as it more closely reflects cash earnings and the Company's ability to grow the dividend.

Portfolio Performance

Regency's portfolio is differentiated in its overall outstanding quality, breadth and scale. The strength of the Company's merchandising mix, combined with placemaking elements and connection to its communities further differentiates Regency's high quality portfolio. Regency's preeminent portfolio along with its national platform and 22 local market offices offers critical strategic advantages and positions the Company to achieve its strategic objective of 3% same property NOI growth over the long-term.

Fourth quarter same property NOI, excluding termination fees, increased 1.9% compared to the same period in 2018. Year-to-date same property NOI, excluding termination fees, increased 2.1%, as compared to the same period in 2018.

As of December 31, 2019, Regency's wholly-owned portfolio plus its pro-rata share of co-investment partnerships was 94.8% leased. The same property portfolio was 95.1% leased. Within the same property portfolio, anchor occupancy, which includes spaces greater than 10,000 square feet, was 97.4%, an increase of 10 basis points sequentially. Same property shop occupancy, which includes spaces less than 10,000 square feet, was 91.3%, a decline of 30 basis points sequentially, primarly driven by Dress Barn moveouts.

For the three months ended December 31, 2019, Regency executed 1.8 million square feet of comparable new and renewal leases at blended rent spreads of 11.3%. Rent spreads on new and renewal leases were 19.6% and 8.8%, respectively. For the trailing twelve months, the Company executed 6.4 million square feet of comparable new and renewal leases at blended rent spreads of 8.5%.

Portfolio Enhancement and Capital Allocation

Regency's self-funding model enables the Company to benefit from its capital allocation strategy. Free cash flow supports the development and redevelopment program on a leverage neutral basis. Regency's development and redevelopment platform is a critical strategic advantage for creating significant value for shareholders. Together with the sales of lower growth assets and equity when priced attractively, free cash flow also enables the Company to invest in high-growth acquisitions and share repurchases when pricing is compelling. This capital allocation strategy preserves Regency's pristine balance sheet and allows the Company to add value and enhance the quality of the portfolio on a net accretive basis.

Developments and Redevelopments

For the full year 2019, the Company started nearly \$265 million of developments and redevelopments contributing towards its five year goal of \$1.25 to \$1.50 billion. At year-end, the Company had 22 properties in development or redevelopment with estimated net project costs of \$350.8 million. Inprocess developments and redevelopments were 90% leased as of December 31, 2019, and are expected to yield an average return of 7.3%.

In the fourth quarter, Regency started on the first of a three-phase redevelopment at Serramonte Center, located just south of San Francisco. Phase I consists of relocating Crunch Fitness to a new outparcel building, the addition of a new Regal theater, and adding several new outparcel restaurants and a new hotel. Phase II of the project commenced in January of 2020 and includes an extensive renovation and modernization of the interior portions of the project. Phase III of the project is expected to commence in 2021 and encompasses the redevelopment of the space occupied by JCPenney, which will vacate in June 2020.

For the full year 2019, the Company completed six ground up development projects and three redevelopment projects with combined pro-rata costs of \$230.7 million and a projected stabilized yield of 7.2%.

Property Transactions

During the quarter, the Company sold three shopping centers for a combined gross sales price of \$58.8 million. For the full year 2019, Regency sold 11 properties for a combined gross sales price of \$209.5 million at a weighted average cap rate of 7.5%. Subsequent to year-end, the Company sold Young Circle Shopping Center, a 65,000 square feet center located in Hollywood, FL anchored by Walgreens, and Stonewall Shopping Center, a 315,000 square feet center located in Gainesville, VA anchored by Wegmans. The combined gross sales price totaled \$98.4 million.

For the full year 2019, the Company acquired four properties for a total purchase price of \$281.6 million at Regency's share. Subsequent to year-end, the Company acquired an additional 16.6% interest in Town & Country Center, located in Los Angeles, for \$32.8 million bringing Regency's total interest to 35%. Also subsequent to year-end, Regency closed on the purchase of New York Common Retirement Fund's 70% interest in Country Walk Plaza for \$27.7 million, bringing Regency's total interest to 100%. The center is a 100,000 square foot neighborhood shopping center, anchored by Publix and CVS, located in Miami.

Share Repurchase Program

Regency's Board authorized a refreshed \$250 million share repurchase plan of the Company's common stock. This plan is scheduled to expire on February 5, 2021. The timing of share repurchases is dependent upon marketplace conditions and other factors, and the plan remains subject to the discretion of the Board of Directors.

Balance Sheet

Regency benefits from favorable access to capital through the strength of its balance sheet, supported by conservative leverage levels with a Net Debt to EBITDA*re* ratio of 5.4x. This positions Regency to weather potential challenges and potentially profit from investment opportunities in the future. Regency has a BBB+ rating with a positive outlook from S&P Global Rating and Baa1 with a positive outlook from Moody's Investors Service.

As previously disclosed, during 2019 the Company further enhanced its already strong balance sheet through the issuance of \$725 million of 30-year and 10-year unsecured notes, and a forward equity sale of approximately \$130 million at nearly \$68.00 per share.

Dividend

On February 4, 2020, Regency's Board declared a quarterly cash dividend on the Company's common stock of \$0.595 per share, representing an annualized increase of 1.7%. The dividend is payable on March 5, 2020, to shareholders of record as of February 24, 2020.

Board of Directors Changes

As previously announced, on January 24, 2020, John C. Schweitzer resigned from the Board of Directors. On February 4, 2020, Deirdre J. Evens was elected as chair of the Compensation Committee. Ms. Evens has been a member of the Compensation Committee of the Board since 2018.

Full Year 2020 Guidance

Regency Centers issued initial 2020 guidance concurrently with the fourth quarter 2019 earnings release. Please refer to the Company's fourth quarter 2019 Supplemental for a complete list of guidance. A 2020 Earnings and Valuation Guidance package with additional details can be found in the presentation section of the investor relations website at Investors.RegencyCenters.com.

Non-GAAP Disclosure

The Company uses certain non-GAAP performance measures, in addition to the required GAAP presentations, as we believe these measures improve the understanding of the Company's operational results. We manage our entire real estate portfolio without regard to ownership structure, although certain decisions impacting properties owned through partnerships require partner approval. Therefore, we believe presenting our prorata share of operating results regardless of ownership structure, along with other non-GAAP measures, makes comparisons of other REITs' operating results to the Company's more meaningful. We continually evaluate the usefulness, relevance, limitations, and calculation of our reported non-GAAP performance measures to determine how best to provide relevant information to the public, and thus such reported measures could change.

NAREIT FFO is a commonly used measure of REIT performance, which the National Association of Real Estate Investment Trusts ("NAREIT") defines as net income, computed in accordance with GAAP, excluding gains on sale and impairments of real estate, net of tax, plus depreciation and amortization, and after adjustments for unconsolidated partnerships and joint ventures. Regency computes NAREIT FFO for all periods presented in accordance with NAREIT's definition in effect during that period. Effective January 1, 2019, the Company prospectively adopted the NAREIT FFO White Paper - 2018 Restatement ("2018 FFO White Paper"), and elected the option of excluding gains on sale and impairments of land, which are considered incidental to the Company's main business. Prior period amounts were not restated to conform to the current year presentation, and therefore are calculated as described above, but also include gains on sales and impairments of land. Many companies use different depreciable lives and methods, and real estate values historically fluctuate with market conditions. Since NAREIT FFO excludes depreciation and amortization and gains on sales and impairments of real estate, it provides a performance measure that, when compared year over year, reflects the impact on operations from trends in occupancy rates, rental rates, operating costs, acquisition and development activities, and financing costs. This provides a perspective of the Company's financial performance not immediately apparent from net income determined in accordance with GAAP. Thus, NAREIT FFO is a supplemental non-GAAP financial measure of the Company's operating performance, which does not represent cash generated from operating activities in accordance with GAAP; and, therefore, should not be considered a substitute measure of cash flows from operations. The Company provides a reconciliation of Net Income Attributable to Common Stockholders to NAREIT FFO.

Core Operating Earnings is an additional performance measure that excludes from NAREIT FFO: (i) transaction related income or expenses; (ii) gains or losses from the early extinguishment of debt; (iii) certain non-cash components of earnings derived from above and below market rent amortization, straight-line rents, and amortization of mark-to-market of debt adjustments; and (iv) other amounts as they occur. The Company provides a reconciliation of Net Income to NAREIT FFO to Core Operating Earnings. Core Operating Earnings for the fourth quarter and year-to-date periods ending December 31, 2018 included \$1.9 million and \$8.1 million, respectively, of capitalized leasing costs which, upon the adoption of the new lease accounting standard ASC 842 on January 1, 2019, are expensed.

NAREIT EBITDAre is a measure of REIT performance, which NAREIT defines as net income, computed in accordance with GAAP, excluding (i) interest expense; (ii) income tax expense; (iii) depreciation and amortization; (iv) gains on sales of real estate; (v) impairments of real estate; and (vi) adjustments to reflect the Company's share of unconsolidated partnerships and joint ventures.

The Company has published forward-looking statements and additional financial information in its fourth quarter 2019 supplemental information package that may help investors estimate earnings for 2020. A copy of the Company's fourth quarter 2019 supplemental information will be available on the Company's website at www.RegencyCenters.com or by written request to: Investor Relations, Regency Centers Corporation, One Independent Drive, Suite 114, Jacksonville, Florida, 32202. The supplemental information package contains more detailed financial and property results including financial statements, an outstanding debt summary, acquisition and development activity, investments in partnerships, information pertaining to securities issued other than common stock, property details, a significant tenant rent report and a lease expiration table in addition to earnings and valuation guidance assumptions. The information provided in the supplemental package is unaudited and there can be no assurance that the information will not vary from the final information in the Company's Form 10-K for the year-ended December 31, 2019. Regency may, but assumes no obligation to, update information in the supplemental package from time to time.

About Regency Centers Corporation (NASDAQ: REG)

Regency Centers is the preeminent national owner, operator, and developer of shopping centers located in affluent and densely populated trade areas. Our portfolio includes thriving properties merchandised with highly productive grocers, restaurants, service providers, and best-in-class retailers that connect to our neighborhoods, communities, and customers. Operating as a fully integrated real estate company, Regency Centers is a qualified real estate investment trust (REIT) that is self-administered, self-managed, and an S&P 500 Index member. For more information, please visit RegencyCenters.com.

###

Forward-looking statements involve risks and uncertainties. Actual future performance, outcomes and results may differ materially from those expressed in forward-looking statements. Please refer to the documents filed by Regency Centers Corporation with the SEC, specifically the most recent reports on Forms 10-K and 10-Q, which identify important risk factors which could cause actual results to differ from those contained in the forward-looking statements.

	Rent spreads - Trailing 12 months ⁽⁵⁾ (see page 21)	8.5%	7.9%	8.9%	8.4%	8.3%

⁽¹⁾ Non-Same Property: During either calendar year period being compared, a property acquired, sold, a Property in Development, a Development Completion, or a property under, or being positioned for, significant redevelopment that distorts comparability between periods. Non-retail properties and corporate activities, including the captive insurance program, are part of Non-Same Property. Effective 4Q19, Preston Oaks was moved to non-same property as the property is now being redeveloped related to a natural disaster event at the property.

(2) Represents entire center GLA rather than redevelopment portion only. Included in Same Property pool unless noted otherwise.

⁽³⁾ Prior periods adjusted for current same property pool.

⁽⁴⁾ Excludes leases that are signed but have not yet commenced.(5) Retail operating properties only. Rent spreads are calculated on a comparable-space, cash basis for new and renewal leases executed.

⁽¹⁾ The USAA partnership has distributed proceeds from debt refinancing and real estate sales in excess of Regency's carrying value of its investment resulting in a negative investment balance, which is classified within Accounts Payable and Other Liabilities in the Consolidated Balance Sheets.

⁽²⁾ Includes our investment in the Town and Country shopping center, which began with an initial 9.4% ownership interest in 2018, with an additional 9.0% interest acquired during 2019. In January 2020, we purchased an additional 16.6% interest, bringing our total ownership interest to 35%.

Project Descriptions	
Shopping Center Name	<u>Description</u>
Serramonte Center	Addition of new retail that will augment the evolving merchandising mix, complemented by development of new hotel by a best-in-class developer on a ground lease, at this A mall. Approximately \$1.5M of the Property NOI will come offline in 2020. Redevelopment will consist of 3 separate projects phased over approximately 4 years: PH I: Addition of New theater plus relocation of Crunch Fitness to a new OP building. PH II: Renovation and modernization of the interior common area of the mall, estimated project start in 2020. PH III: Redevelopment of the JCPenney box for a potential specialty grocer and small shops (JCP is paying rent through 5/2020), estimated project start in 2021.
The Abbot	Generational redevelopment and densification of 3 historic buildings in the heart of Harvard Square into mixed-use project with retail and office. Entire \$1.1M of Property NOI came offline in early 2019.
Market Common Clarendon Office	Redevelopment of vacant 1960's era office building into a 130K SF modern, mixed-use building anchored by a luxury fitness club user; two story of creative office, and ground floor retail to complement the dominant community shopping center in Arlington, VA.

^{*} In Process Redevelopments include densification redevelopment, transformative projects and projects where square footage is added. Projects are included in same property NOI unless otherwise noted.

^{**}Regency's Estimated Net GAAP Project Costs, after additional interest and overhead capitalization, are \$250,832 for Major Redevelopments In Process with an estimated incremental stabilized yield of 6.7%. Percent of costs incurred is 13% for Major Redevelopments In Process.

⁽a) Estimated Initial Rent Commencement represents the estimated date that the anchor or first tenants at each project will rent commence.

⁽b) Estimated Stabilization Year represents the estimated first full calendar year that the project will reach the stated stabilized yield.

⁽c) Total In Process are REG Estimated Net Project Costs of projects that have started.

Major Redevelopment Pipeline

December 31, 2019 (in thousands)

Select Operating Properties with	Near Term Redevelop	ment*				
Shopping Center Name	<u>Market</u>	<u>GLA</u>	% Leased	<u>Estimated</u> Project Start	REG's Estimated Incremental Project Costs	Current Description
Gateway Plaza at Aventura	Miami, FL	30	0%	2020	\$10,000 - \$15,000	Located on Biscayne Boulevard in a vibrant sub-market of Miami, project will redevelop existing building (prior Babies R Us) with potential to bring a specialty grocer to the center and densify with additional retail GLA; Stabilization estimated 24 - 36 months after project start.
Westbard Square (fka Westwood Shopping Center)	Bethesda, MD	168	87%	2020	\$110,000 - \$125,000	Converting dated Giant anchored shopping center into a vibrant vertical mixed-use project consisting of retail, anchored by Giant, 200 units of multi-family, 100 units of assisted living, and 100 for-sale townhomes. Estimated incremental project costs include Regency's non-retail co-investment. Phase I (retail) expected to open in 2022 and Phase II (retail + multi-family) units expected to open in 2025. Approximately \$1M of the current NOI will come offline in 2020. Project Stabilization estimated at 2025/2026.
Hancock Center	Austin, TX	410	53%	2020/2021	\$55,000 - \$65,000	Transformative adaptive reuse of former Sears building (REG received Sears rent through 2/19) into non-retail use, in addition to potential expansion of HEB and backfill of former Sears auto center. Project has strong demand for retail and non-retail in this desirable infill market; Project Stabilization approximately 3 years after start.
Costa Verde Center	San Diego, CA	179	84%	2021	\$175,000 - \$200,000	Large-scale redevelopment of existing Shopping Center with new retail, office, hotel (on a ground lease) and structured parking, adjacent to new transit station. Office component will be in a partnership with a best in class office REIT. Approximately \$1M of NOI will come offline in 2020, an additional \$3M of NOI will come offline by early 2021, with approximately \$1M of NOI remaining online in 2021 and 2022. Initial occupancy for project expected in 2023, and Project Stabilization will be approximately 4 years after start.
Town and Country Center	Los Angeles, CA	230	38%	2021	\$20,000 - \$30,000	Redevelopment of vacant former K-Mart box with new retail below 325 mid-rise apartments on a ground lease. Effective January 2020, Regency purchased an additional 16.6% interest, bringing our total ownership interest to 35%.
Estimated Incremental Stabilized	l Yield				+/- 7.0%	

^{*}Selection reflects material under earning operating properties with near term redevelopment that is within approximately 24 months. Selection does not incorporate all pipeline opportunities. Note: Scope, economics and timing of development and redevelopment program and projects could change materially from estimates provided.

Note: Reflects commenced leases only. Does not account for contractual rent steps and assumes that no tenants exercise renewal options.

⁽¹⁾ Anchor tenants represent any tenant occupying at least 10,000 square feet. (2) Shop tenants represent any tenant occupying less than 10,000 square feet.

⁽³⁾ Total Annual Base Rent ("ABR") excludes additional rent such as percentage rent, common area maintenance, real estate taxes, and insurance reimbursements.

⁽⁴⁾ Month to month lease or in process of renewal.

NAREIT Funds From Operations	- \$	3.90	3.93	

Glossary of Terms

December 31, 2019

Core Operating Earnings: An additional performance measure used by Regency as the computation of NAREIT FFO includes certain non-comparable items that affect the Company's period-over-period performance. Core Operating Earnings excludes from NAREIT FFO: (i) transaction related income or expenses (ii) gains or losses from the early extinguishment of debt; (iii) certain non-cash components of earnings derived from above and below market rent amortization, straight-line rents, and amortization of mark-to-market of debt adjustments; and (iv) other amounts as they occur. The Company provides a reconciliation of Net Income Attributable to Common Stockholders to NAREIT FFO to Core Operating Earnings.

Development Completion: A Property in Development is deemed complete upon the earliest of: (i) 90% of total estimated net development costs have been incurred and percent leased equals or exceeds 95%, or (ii) the property features at least two years of anchor operations, or (iii) three years have passed since the start of construction. Once deemed complete, the property is termed a Retail Operating Property the following calendar year.

<u>Fixed Charge Coverage Ratio</u>: Operating EBITDA*re* divided by the sum of the gross interest and scheduled mortgage principal paid to our lenders.

NAREIT Funds From Operations (NAREIT FFO): NAREIT FFO is a commonly used measure of REIT performance, which the National Association of Real Estate Investment Trusts ("NAREIT") defines as net income, computed in accordance with GAAP, excluding gains on sales and impairments of real estate, net of tax, plus depreciation and amortization, and after adjustments for unconsolidated partnerships and joint ventures. Regency computes NAREIT FFO for all periods presented in accordance with NAREIT's definition in effect during that period. Effective January 1, 2019 the Company prospectively adopted the NAREIT FFO White Paper -2018 Restatement ("2018 FFO Whitepaper"), and elected the option of excluding gains on sale and impairments of land, which are considered incidental to the Company's main business. Prior period amounts were not restated to conform to the current year presentation, and therefore are calculated as described above, but also include gains on sales and impairments of land. Many companies use different depreciable lives and methods, and real estate values historically fluctuate with market conditions. Since NAREIT FFO excludes depreciation and amortization and gains on sale and impairments of real estate, it provides a performance measure that, when compared year over year, reflects the impact on operations from trends in occupancy rates, rental rates, operating costs, acquisition and development activities, and financing costs. This provides a perspective of the Company's financial performance not immediately apparent from net income determined in accordance with GAAP. Thus, NAREIT FFO is a supplemental non-GAAP financial measure of the Company's operating performance, which does not represent cash generated from operating activities in accordance with GAAP; and, therefore, should not be considered a substitute measure of cash flows from operations. The Company provides a reconciliation of Net Income Attributable to Common Stockholders to NAREIT FFO.

Net Operating Income (NOI): The sum of base rent, percentage rent, recoveries from tenants, other lease income, and other property income, less operating and maintenance expenses, real estate taxes, ground rent, and uncollectible lease income / provision for doubtful accounts. NOI excludes straight-line rental income and expense, above and below market rent and ground rent amortization, tenant lease inducement amortization, and other fees. The Company also provides disclosure of NOI excluding termination fees, which excludes both termination fee income and expenses.

Non-Same Property: During either calendar year period being compared, a property acquired, sold, a Property in Development, a Development Completion, or a property under, or being positioned for, significant redevelopment that distorts comparability between periods. Non-retail properties and corporate activities, including the captive insurance program, are part of Non-Same Property. Please refer to the footnote on Property Summary Report for Non-Same Property detail.

Operating EBITDA*re*: NAREIT EBITDA*re* is a measure of REIT performance, which the NAREIT defines as net income, computed in accordance with GAAP, excluding (i) interest expense; (ii) income tax expense; (iii) depreciation and amortization; (iv) gains on sales of real estate; (v) impairments of real estate; and (vi) adjustments to reflect the Company's share of unconsolidated partnerships and joint ventures. Operating EBITDA*re* excludes from NAREIT EBITDA*re* certain non-cash components of earnings derived from above and below market rent amortization and straight-line rents. The Company provides a reconciliation of Net Income to NAREIT EBITDA*re* to Operating EBITDA*re*.

Property In Development: Properties in various stages of ground-up development.

Property In Redevelopment: Retail Operating Properties under redevelopment or being positioned for redevelopment. Unless otherwise indicated, a Property in Redevelopment is included in the Same Property pool.

Retail Operating Property: Any retail property not termed a Property In Development. A retail property is any property where the majority of the income is generated from retail uses.

Same Property: Retail Operating Properties that were owned and operated for the entirety of both calendar year periods being compared. This term excludes Property in Development, prior year Development Completions, and Non-Same Properties. Property in Redevelopment is included unless otherwise indicated.
