#### Non-GAAP Disclosures September 30, 2016

We use certain non-GAAP performance measures, in addition to the required GAAP presentations, as we believe these measures improve the understanding of the Company's operational results. We manage our entire real estate portfolio without regard to ownership structure, although certain decisions impacting properties owned through partnerships require partner approval. Therefore, we believe presenting our pro-rata share of operating results regardless of ownership structure, along with other non-GAAP measures, makes comparisons of other REITs' operating results to the Company's more meaningful. We continually evaluate the usefulness, relevance, limitations, and calculation of our reported non-GAAP performance measures to determine how best to provide relevant information to the public, and thus such reported measures could change.

The pro-rata information provided is not, and is not intended to be, presented in accordance with GAAP. The prorata supplemental details of assets and liabilities and supplemental details of operations reflect our proportionate economic ownership of the assets, liabilities and operating results of the properties in our portfolio, regardless of ownership structure.

- The items labeled as "Consolidated" are prepared on a basis consistent with the Company's consolidated financial statements as filed with the SEC on the most recent Form 10-Q or 10-K, as applicable.
- The columns labeled "Share of JVs" represent our ownership interest in our unconsolidated (equity method) investments in real estate partnerships, and was derived on a partnership by partnership basis by applying to each financial statement line item our ownership percentage interest used to arrive at our share of investments in real estate partnerships and equity in income or loss of investments in real estate partnerships during the period when applying the equity method of accounting to each of our unconsolidated co-investment partnerships.
- A similar calculation was performed for the amounts in columns labeled "Noncontrolling Interests", which represent the limited partners' interests in consolidated partnerships attributable to each financial statement line item.

We do not control the unconsolidated investment partnerships, and the presentations of the assets and liabilities and revenues and expenses do not necessarily represent our legal claim to such items. The partners are entitled to profit or loss allocations and distributions of cash flows according to the operating agreements, which provide for such allocations according to their invested capital. Our share of invested capital establishes the ownership interest we use to prepare our pro-rata balance sheets and statements of operations.

The presentation of pro-rata financial information has limitations as an analytical tool. Some of these limitations include, but are not limited to the following:

- The amounts shown on the individual line items were derived by applying our overall economic ownership interest percentage determined when applying the equity method of accounting or allocating noncontrolling interests, and do not necessarily represent our legal claim to the assets and liabilities, or the revenues and expenses; and
- Other companies in our industry may calculate their pro-rata interest differently, limiting the usefulness as a comparative measure.

Because of these limitations, the supplemental details of assets and liabilities and supplemental details of operations should not be considered independently or as a substitute for our financial statements as reported under GAAP. We compensate for these limitations by relying primarily on our GAAP results and using the pro-rata details as a supplement.

#### Non-GAAP Disclosures September 30, 2016

The following non-GAAP measures, as defined in the Glossary of Terms, are commonly used by management and the investing public to understand and evaluate our operating results and performance:

- Net Operating Income (NOI): The Company believes NOI provides useful information to investors to measure the operating performance of its portfolio of properties. The Company provides a reconciliation of GAAP Income from Operations to pro-rata NOI.
- Same Property NOI: The Company provides disclosure of NOI on a same property basis because it believes the measure provides investors with additional information regarding the operating performances of comparable assets. Same Property NOI excludes all development, non-same property and corporate level revenue and expenses. The Company provides a reconciliation of GAAP Income from Operations to pro-rata Same Property NOI.
- NAREIT Funds From Operations (NAREIT FFO): The Company believes NAREIT FFO provides a
  performance measure that, when compared year over year, reflects the impact on operations from trends in
  occupancy rates, rental rates, operating costs, acquisition and development activities, and financing costs.
  The Company provides a reconciliation of Net Income Attributable to Common Stockholders to NAREIT FFO.
- Core Funds From Operations (Core FFO): The Company believes Core FFO, which excludes certain noncash and non-comparable items from the computation of NAREIT FFO that affect the Company's periodover-period performance, is useful to investors because it is more reflective of the core operating performance of its portfolio of properties. The Company provides a reconciliation of NAREIT FFO to Core FFO.
- Adjusted Core Funds From Operations (AFFO): The Company believes AFFO provides useful information to investors to reflect the Company's ability to fund cash needs, including cash distributions to shareholders. The Company provides a reconciliation of Core FFO to AFFO.

#### **Regency Centers Reports Third Quarter 2016 Results**

**JACKSONVILLE**, **FIa**. (November 1, 2016) – Regency Centers Corporation ("Regency" or the "Company") today reported financial and operating results for the period ended September 30, 2016.

#### **Financial Results**

Regency reported net income attributable to common stockholders ("Net Income") for the third quarter of \$5.3 million, or \$0.05 per diluted share, compared to Net Income of \$53.7 million, or \$0.57 per diluted share, for the same period in 2015. For the nine months ended September 30, 2016 Net Income was \$88.0 million, or \$0.88 per diluted share, compared to \$111.4 million, or \$1.18 per diluted share for the same period in 2015.

The Company reported NAREIT Funds From Operations ("NAREIT FFO") for the third quarter of \$30.1 million, or \$0.29 per diluted share, compared to \$71.6 million, or \$0.76 per diluted share, for the same period in 2015. For the nine months ended September 30, 2016 NAREIT FFO was \$194.2 million, or \$1.94 per diluted share, compared to \$212.3 million, or \$2.24 per diluted share for the same period in 2015.

Core Funds From Operations ("Core FFO") for the third quarter was \$84.3 million, or \$0.81 per diluted share, compared to \$72.2 million, or \$0.76 per diluted share, for the same period in 2015. For the nine months ended September 30, 2016 Core FFO was \$244.1 million, or \$2.43 per diluted share, compared to \$212.9 million, or \$2.25 per diluted share for the same period in 2015.

#### **Operating Results**

For the period ended September 30, 2016, Regency's results for wholly owned properties plus its prorata share of co-investment partnerships were as follows:

	Q3 2016	YTD
Percent leased, same properties	96.0%	
Percent leased, all properties	95.6%	
Same property Net Operating Income ("NOI") growth without termination fees	2.9%	3.4%
Same property NOI growth without termination fees or redevelopments	2.5%	3.0%
Rental rate growth <sup>(1)</sup>		
New leases	14.3%	29.1%
Renewal leases	4.6%	7.7%
Blended average	5.8%	10.7%
Leasing transactions <sup>(2)</sup>		
Number of new and renewal leasing transactions	376	1,084
Total square feet leased (000s)	1,549	4,323

<sup>(1)</sup> Operating properties only. Rent growth is calculated on a comparable-space, cash basis.

<sup>(2)</sup> Total of comparable and non-comparable transactions. Square footage for co-investment partnerships at 100%.

#### **Portfolio Activity**

#### **Property Transactions**

During the quarter and as previously disclosed, Regency sold three wholly owned properties and conveyed the 50% ownership interest in three properties to a co-investment partner, for a total of \$66.6 million. Year to date, the Company has sold 16 properties for a combined \$115.8 million.

Also during the quarter and as previously disclosed, Regency acquired Klahanie shopping center located in the greater Seattle area. The property was acquired on a wholly owned, unencumbered basis for a gross purchase price of \$36.0 million.

#### Developments and Redevelopments

During the quarter, the Company started the development of The Village at Tustin Legacy, a 112,000 square foot center located within the 1,600-acre master-planned community of Tustin Legacy. Anchored by Stater Bros. and CVS, this new development is well-positioned near the heart of Orange County, California, and will benefit from exceptional three-mile demographics, including a population of 200,000, a daytime population of more than 300,000 and incomes exceeding \$100,000.

At quarter end, the Company had 21 properties in development or redevelopment with combined, estimated costs of \$220.5 million. In-process developments were a combined 61% funded and 87% leased and committed.

#### **Balance Sheet**

#### Equity Offerings

During the quarter and as previously disclosed, Regency closed an underwritten public offering of 5,002,500 shares of its common stock, which included the underwriters' full exercise of its option to purchase up to 652,500 shares. The offering resulted in gross proceeds of approximately \$400 million (the "Proceeds"). A portion of the Proceeds were used to redeem the Company's outstanding \$300 million 5.875% senior unsecured notes due June 2017, and to settle in full certain forward starting swaps, which were originally intended for a planned new debt issuance in 2017.

#### Credit Facilities

During the quarter and as previously disclosed, the Company amended its senior unsecured term loan facility (the "Facility"). The amendment increased the Facility size by \$100 million to \$265 million, extended the maturity date to January 5, 2022 and reduced the applicable interest rate to LIBOR plus 0.95% per annum, which is based on the Company's credit rating. Following the closing of the Facility amendment, Regency executed interest rate swaps for the full notional amount of the Facility, fixing the interest rate at 2.0% through maturity.

#### 2016 Guidance

The Company has updated certain components of its 2016 earnings guidance. These changes are summarized below. Please refer to the Company's third quarter 2016 supplemental information package for a complete list of updates.

#### **Non-GAAP Disclosure**

The Company uses certain non-GAAP performance measures, in addition to the required GAAP presentations, as it believes these measures improve the understanding of the Company's operational results. Regency manages its entire real estate portfolio without regard to ownership structure, although certain decisions impacting properties owned through partnerships require partner approval. Therefore, the Company believes presenting its pro-rata share of operating results regardless of ownership structure, along with other non-GAAP measures, makes comparisons of other REITs' operating results to the Company's more meaningful. Management continually evaluates the usefulness, relevance, limitations, and calculation of the Company's reported non-GAAP performance

measures to determine how best to provide relevant information to the public, and thus such reported measures could change.

NAREIT FFO is a commonly used measure of REIT performance, which the National Association of Real Estate Investment Trusts ("NAREIT") defines as net income, computed in accordance with GAAP, excluding gains and losses from dispositions of depreciable property, net of tax, excluding operating real estate impairments, plus depreciation and amortization, and after adjustments for unconsolidated partnerships and joint ventures. Regency computes NAREIT FFO for all periods presented in accordance with NAREIT's definition. Many companies use different depreciable lives and methods, and real estate values historically fluctuate with market conditions. Since NAREIT FFO excludes depreciation and amortization and gains and losses from depreciable property dispositions, and impairments, it can provide a performance measure that, when compared year over year, reflects the impact on operations from trends in occupancy rates, rental rates, operating costs, acquisition and development activities, and financing costs. This provides a perspective of the Company's financial performance not immediately apparent from net income determined in accordance with GAAP. Thus, NAREIT FFO is a supplemental non-GAAP financial measure of the Company's operating performance, which does not represent cash generated from operating activities in accordance with GAAP and therefore, should not be considered a substitute measure of cash flows from operations. Core FFO is an additional performance measure used by Regency as the computation of NAREIT FFO includes certain non-cash and non-comparable items that affect the Company's period-over-period performance. Core FFO excludes from NAREIT FFO, but is not limited to: (a) transaction related gains, income or expense; (b) impairments on land; (c) gains or losses from the early extinguishment of debt; and (d) other non-core amounts as they occur. The Company provides a reconciliation of NAREIT FFO to Core FFO.

(1) Effective interest rates are calculated in accordance with US GAAP, as of the quarter end, and include the impact of debt premium/(discount) amortization, issuance cost amortization, interest rate swaps, and facility and unused fees.

(2) Underlying debt is LIBOR+1.50%; however, an interest rate swap is in place to fix the interest rate on \$28.1 million of this debt at 3.696% through maturity. Contractual rate represents the weighted average contractual rate, including the swap. (3) Underlying debt is LIBOR+1.50%; however, an interest rate swap is in place to fix the interest rate at 2.803% through maturity. Contractual rate represents a blended contractual terms, including the swap.

(4) Effective July 1, 2016, Seminole Shoppes was deconsolidated upon conversion to a tenancy-in-common. The debt remains outstanding and is now included in the Summary of Unconsolidated Debt.

(5) Effective July 7, 2016, the interest rate on the underlying debt is LIBOR + 0.95%, with an interest rate swap in place to fix the interest rate on the entire \$265,000 Term Loan balance at 2.00% through maturity. (6) Rate applies to drawn balance only. Additional annual facility fee of 0.15% applies to entire \$800 million line of credit. Maturity is subject to two additional six-month periods at the Company's option.

(7) Effective January 1, 2016, the Company adopted ASU 2015-03 resulting in debt issue costs, previously recognized as a deferred asset, being reclassified as a direct deduction from the carrying amount of the debt liability, net of accumulated amortization, with the exception of line of credit costs remaining as an asset.

Notes:

All amounts reported at execution

Number of leasing transactions and GLA leased reported at 100%; All other statistics reported at pro-rata share

Rent growth is calculated on a comparable-space, cash basis for new and renewal leases executed

Tenant Improvements represent the costs to accommodate tenant-specific needs over and above baseline condition

Core Funds From Operations	\$	3.25	3.28				

<u>Adjusted Core Funds From Operations (AFFO)</u>: An additional performance measure used by Regency to reflect the Company's ability to fund cash needs, including cash distributions to shareholders. AFFO is calculated by adjusting Core FFO for (i) capital expenditures necessary to maintain the Company's portfolio of properties, (ii) the non-cash effects of straight line rents, above/below market rents, stock based compensation and interest charges and (iii) other non-cash amounts as they occur. The Company provides a reconciliation of Core FFO to AFFO.

<u>Core EBITDA</u>: Earnings before interest, taxes, depreciation and amortization, real estate gains and losses, and development and acquisition pursuit costs.

<u>Core Funds From Operations (Core FFO)</u>: An additional performance measure used by Regency as the computation of NAREIT FFO includes certain non-cash and non-comparable items that affect the Company's period-over-period performance. Core FFO excludes from NAREIT FFO, but is not limited to: (i) transaction related gains, income or expense; (ii) impairments on land; (iii) gains or losses from the early extinguishment of debt; and (iv) other non-core amounts as they occur. The Company provides a reconciliation of NAREIT FFO to Core FFO.

**Development Completion**: A project in development is deemed complete upon the earliest of: (i) 90% of total estimated net development costs have been incurred and percent leased equals or exceeds 95%, or (ii) the project features at least two years of anchor operations, or (iii) three years have passed since the start of construction. Once deemed complete, the property is termed an Operating Property.

**Fixed Charge Coverage Ratio**: Core EBITDA divided by the sum of the gross interest and scheduled mortgage principal paid to our lenders plus dividends paid to our preferred stockholders.

**NAREIT Funds From Operations (NAREIT FFO)**: NAREIT FFO is a commonly used measure of REIT performance, which the National Association of Real Estate Investment Trusts ("NAREIT") defines as net income, computed in accordance with GAAP, excluding gains and losses from sales of depreciable property, net of tax, excluding operating real estate impairments, plus depreciation and amortization, and after adjustments for unconsolidated partnerships and joint ventures. Regency computes NAREIT FFO for all periods presented in accordance with NAREIT's definition. Many companies use different depreciable lives and methods, and real estate values historically fluctuate with market conditions. Since NAREIT FFO excludes depreciation and amortization and gains and losses from depreciable property dispositions, and impairments, it provides a performance measure that, when compared year over year, reflects the impact on operations from trends in occupancy rates, rental rates, operating costs, acquisition and development activities, and financing costs. This provides a perspective of the Company's financial performance not immediately apparent from net income determined in accordance with GAAP. Thus, NAREIT FFO is a supplemental non-GAAP financial measure of the Company's operating performance, which does not represent cash generated from operating activities in accordance with GAAP; and, therefore, should not be considered a substitute measure of cash flows from operations.

**Net Operating Income (NOI):** Base rent, percentage rent, and recoveries from tenants and other income, less operating and maintenance, real estate taxes, ground rent, and provision for doubtful accounts from the properties owned by the Company. NOI excludes straight-line rental income, above and below market rent and ground rent amortization and other fees. The Company also provides disclosure of NOI excluding termination fees, which excludes both termination fee income and expenses.

**Non-Same Property**: A property acquired, sold or a Development Completion during either calendar year period being compared. Corporate activities, including the captive insurance program, are part of Non-Same Property.

**Operating Property**: Any property not termed a Project In Development.

<u>**Project In Development</u></u>: A property owned and intended to be developed, including partially operating properties acquired specifically for redevelopment and excluding land held for future development.</u>** 

**Same Property**: Operating properties that were owned and operated for the entirety of both calendar year periods being compared. This term excludes all Projects In Development and Non-Same Properties.
