## December 31, 2023

### **Forward-Looking Statements**

Certain statements in this document regarding anticipated financial, business, legal or other outcomes including business and market conditions, outlook and other similar statements relating to Regency's future events, developments, or financial or operational performance or results such as our 2024 Guidance, are "forward-looking statements" made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995 and other federal securities laws. These forward-looking statements are identified by the use of words such as "may," "will," "could," "should," "would," "expect," "estimate," "believe," "intend," "forecast," "project," "plan," "anticipate," "guidance," and other similar language. However, the absence of these or similar words or expressions does not mean a statement is not forward-looking. While we believe these forward-looking statements are reasonable when made, forward-looking statements are not guarantees of future performance or events and undue reliance should not be placed on these statements. Although we believe the expectations reflected in any forward-looking statements are based on reasonable assumptions, we can give no assurance these expectations will be attained, and it is possible actual results may differ materially from those indicated by these forward-looking statements due to a variety of risks and uncertainties. Our operations are subject to a number of risks and uncertainties including, but not limited to, those risk factors described in our Securities and Exchange Commission ("SEC") filings, our Annual Report on Form 10-K for the year ended December 31, 2023 ("2023 Form 10-K") under Item 1A. When considering an investment in our securities, you should carefully read and consider these risks, together with all other information in our Annual Reports on Form 10-K, Quarterly Reports on Form 10-Q and our other filings and submissions to the SEC. If any of the events described in the risk factors actually occur, our business, financial condition or operating results, as well as the market price of our securities, could be materially adversely affected. Forward-looking statements are only as of the date they are made, and Regency undertakes no duty to update its forward-looking statements, whether as a result of new information, future events or developments or otherwise, except as to the extent required by law. These risks and events include, without limitation:

### **Risk Factors Related to the Current Economic and Geopolitical Environments**

Interest rates in the current economic environment may adversely impact our cost to borrow, real estate valuation, and stock price. Current economic challenges, including the potential for recession, may adversely impact our tenants and our business. Unfavorable developments affecting the banking and financial services industry could adversely affect our business, liquidity and financial condition, and overall results of operations. Additionally, current geopolitical challenges would impact the U.S. economy and our results of operations and financial condition.

### **Risk Factors to Regency's Financial Performance Related to the Company's Acquisition of Urstadt Biddle**

Regency may not realize the anticipated benefit and synergies from the Urstadt Biddle merger.

### **Risk Factors Related to Pandemics or other Health Crises**

Pandemics or other health crises, such as the COVID-19 pandemic, may adversely affect our tenants' financial condition, the profitability of our properties, and our access to the capital markets and could have a material adverse effect on our business, results of operations, cash flows and financial condition.

### **Risk Factors Related to Operating Retail-Based Shopping Centers**

Economic and market conditions may adversely affect the retail industry and consequently reduce our revenues and cash flow and increase our operating expenses. Shifts in retail trends, sales, and delivery methods between brick-and-mortar stores, e-commerce, home delivery, and curbside pick-up may adversely impact our revenues, results from operations, and cash flows. Changing economic and retail market conditions in geographic areas where our properties are concentrated may reduce our revenues and cash flow. Our success depends on the continued presence and success of our "anchor" tenants. A percentage of our revenues are derived from "local" tenants and our net income may be adversely impacted if these tenants are not successful, or if the demand for the types or mix of tenants significantly change. We may be unable to collect balances due from tenants in bankruptcy. Many of our costs and expenses associated with operating our properties may remain constant or increase, even if our lease income decreases. Compliance with the Americans with Disabilities Act and other building, fire, and safety and regulations may have a material negative effect on us.

### **Risk Factors Related to Real Estate Investments**

Our real estate assets may decline in value and be subject to impairment losses which may reduce our net income. We face risks associated with development, redevelopment, and expansion of properties. We face risks associated with the development of mixed-use commercial properties. We face risks associated with the acquisition of properties. We may be unable to sell properties when desired because of market conditions. Changes in tax laws could impact our acquisition or disposition of real estate.

### **Risk Factors Related to the Environment Affecting Our Properties**

Climate change may adversely impact our properties directly and may lead to additional compliance obligations and costs as well as additional taxes and fees. Geographic concentration of our properties makes our business more vulnerable to natural disasters, severe weather conditions and climate change. Costs of environmental remediation may adversely impact our financial performance and reduce our cash flow.

### **Risk Factors Related to Corporate Matters**

An increased focus on metrics and reporting relating to environmental, social, and governance ("ESG") factors may impose additional costs and expose us to new risks. An uninsured loss or a loss that exceeds the insurance coverage on our properties may subject us to loss of capital and revenue on those properties. Failure to attract and retain key personnel may adversely affect our business and operations.

### **Risk Factors Related to Our Partnerships and Joint Ventures**

We do not have voting control over all of the properties owned in our real estate partnerships and joint ventures, so we are unable to ensure that our objectives will be pursued. The termination of our partnerships may adversely affect our cash flow, operating results, and our ability to make distributions to stock and unit holders.

### **Risk Factors Related to Funding Strategies and Capital Structure**

Our ability to sell properties and fund acquisitions and developments may be adversely impacted by higher market capitalization rates and lower NOI at our properties which may dilute earnings. We depend on external sources of capital, which may not be available in the future on favorable terms or at all. Our debt financing may adversely affect our business and financial condition. Covenants in our debt agreements may restrict our operating activities and adversely affect our financial condition. Increases in interest rates would cause our borrowing costs to rise and negatively impact our results of operations. Hedging activity may expose us to risks, including the risks that a counterparty will not perform and that the hedge will not yield the economic benefits we anticipate, which may adversely affect us.

### **Risk Factors Related to Information Management and Technology**

The unauthorized access, use, theft or destruction of tenant or employee personal, financial, or other data or of Regency's proprietary or confidential information stored in our information systems or by third parties on our behalf could impact our reputation and brand and expose us to potential liabilities and adverse financial impact. The use of technology based on artificial intelligence presents risks relating to confidentiality, creation of inaccurate and flawed outputs and emerging regulatory risk, any or all of which may adversely affect our business and results of operations.

### **Risk Factors Related to the Market Price for Our Securities**

Changes in economic and market conditions may adversely affect the market price of our securities. There is no assurance that we will continue to pay dividends at current or historical rates.

### **Risk Factors Related to the Company's Qualification as a REIT**

If the Company fails to qualify as a REIT for federal income tax purposes, it would be subject to federal income tax at regular corporate rates. Dividends paid by REITs generally do not qualify for reduced tax rates. Certain foreign shareholders may be subject to U.S. federal income tax on gain recognized on a disposition of our common stock if we do not qualify as a "domestically controlled" REIT. Legislative or other actions affecting REITs may have a negative effect on us or our investors. Complying with REIT requirements may limit our ability to hedge effectively and may cause us to incur tax liabilities. Partnership tax audit rules could have a material adverse effect.

### **Risk Factors Related to the Company's Common Stock**

Restrictions on the ownership of the Company's capital stock to preserve its REIT status may delay or prevent a change in control. The issuance of the Company's capital stock may delay or prevent a change in control. Ownership in the Company may be diluted in the future.

Reported results are preliminary and not final until the filing of the Company's Form 10-K with the SEC and, therefore, remain subject to adjustment.

The Company has published forward-looking statements and additional financial information in its fourth quarter 2023 supplemental package that may help investors estimate earnings. A copy of the Company's fourth quarter 2023 supplemental package will be available on the Company's website at [investors.regencycenters.com](http://investors.regencycenters.com) or by written request to: Investor Relations, Regency Centers Corporation, One Independent Drive, Suite 114, Jacksonville, Florida, 32202. The supplemental package contains more detailed financial and property results including financial statements, an outstanding debt summary, acquisition and development activity, investments in partnerships, information pertaining to securities issued other than common stock, property details, a significant tenant rent report and a lease expiration table in addition to earnings and valuation guidance assumptions. The information provided in the supplemental package is unaudited and includes non-GAAP measures, and there can be no assurance that the information will not vary from the final information in the Company's Form 10-K for the period ended December 31, 2023. Regency may, but assumes no obligation to, update information in the supplemental package from time to time.

### Non-GAAP Disclosure

We believe these non-GAAP measures provide useful information to our Board of Directors, management and investors regarding certain trends relating to our financial condition and results of operations. Our management uses these non-GAAP measures to compare our performance to that of prior periods for trend analyses, purposes of determining management incentive compensation and budgeting, forecasting and planning purposes.

We do not consider non-GAAP measures an alternative to financial measures determined in accordance with GAAP, rather they supplement GAAP measures by providing additional information we believe to be useful to our shareholders. The principal limitation of these non-GAAP financial measures is they may exclude significant expense and income items that are required by GAAP to be recognized in our consolidated financial statements. In addition, they reflect the exercise of management's judgment about which expense and income items are excluded or included in determining these non-GAAP financial measures. In order to compensate for these limitations, reconciliations of the non-GAAP financial measures we use to their most directly comparable GAAP measures are provided. Non-GAAP financial measures should not be relied upon in evaluating the financial condition, results of operations or future prospects of the Company.

Nareit FFO is a commonly used measure of REIT performance, which the National Association of Real Estate Investment Trusts ("Nareit") defines as net income, computed in accordance with GAAP, excluding gains on sale and impairments of real estate, net of tax, plus depreciation and amortization, and after adjustments for unconsolidated partnerships and joint ventures. Regency computes Nareit FFO for all periods presented in accordance with Nareit's definition. Since Nareit FFO excludes depreciation and amortization and gains on sales and impairments of real estate, it provides a performance measure that, when compared year over year, reflects the impact on operations from trends in percent leased, rental rates, operating costs, acquisition and development activities, and financing costs. This provides a perspective of the Company's financial performance not immediately apparent from net income determined in accordance with GAAP. Thus, Nareit FFO is a supplemental non-GAAP financial measure of the Company's operating performance, which does not represent cash generated from operating activities in accordance with GAAP; and, therefore, should not be considered a substitute measure of cash flows from operations. The Company provides a reconciliation of Net Income Attributable to Common Shareholders to Nareit FFO.

Core Operating Earnings is an additional performance measure that excludes from Nareit FFO: (i) transaction related income or expenses; (ii) gains or losses from the early extinguishment of debt; (iii) certain non-cash components of earnings derived from above and below market rent amortization, straight-line rents, and amortization of mark-to-market of debt adjustments; and (iv) other amounts as they occur. The Company provides a reconciliation of Net Income to Nareit FFO to Core Operating Earnings.

### Forward-Looking Statements

Certain statements in this document regarding anticipated financial, business, legal or other outcomes including business and market conditions, outlook and other similar statements relating to Regency's future events, developments, or financial or operational performance or results such as our 2024 Guidance, are "forward-looking statements" made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995 and other federal securities laws. These forward-looking statements are identified by the use of words such as "may," "will," "could," "should," "would," "expect," "estimate," "believe," "intend," "forecast," "project," "plan," "anticipate," "guidance," and other similar language. However, the absence of these or similar words or expressions does not mean a statement is not forward-looking. While we believe these forward-looking statements are reasonable when made, forward-looking statements are not guarantees of future performance or events and undue reliance should not be placed on these statements. Although we believe the expectations reflected in any forward-looking statements are based on reasonable assumptions, we can give no assurance these expectations will be attained, and it is possible actual results may differ materially from those indicated by these forward-looking statements due to a variety of risks and uncertainties. Our operations are subject to a number of risks and uncertainties including, but not limited to, those risk factors described in our Securities and Exchange Commission ("SEC") filings, our Annual Report on Form 10-K for the year ended December 31, 2023 ("2023 Form 10-K") under Item 1A. When considering an investment in our securities, you should carefully read and consider these risks, together with all other information in our Annual Reports on Form 10-K, Quarterly Reports on Form 10-Q and our other filings and submissions to the SEC. If any of the events described in the risk factors actually occur, our business, financial condition or operating results, as well as the market price of our securities, could be materially adversely affected. Forward-looking statements are only as of the date they are made, and Regency undertakes no duty to update its forward-looking statements, whether as a result of new information, future events or developments or otherwise, except as to the extent required by law. These risks and events include, without limitation:

### Risk Factors Related to the Current Economic and Geopolitical Environments

Interest rates in the current economic environment may adversely impact our cost to borrow, real estate valuation, and stock price. Current economic challenges, including the potential for recession, may adversely impact our tenants and our business. Unfavorable developments affecting the banking and financial services industry could adversely affect our business, liquidity and financial condition, and overall results of operations. Additionally, current geopolitical challenges would impact the U.S. economy and our results of operations and financial condition.

### Risk Factors to Regency's Financial Performance Related to the Company's Acquisition of Urstadt Biddle

Regency may not realize the anticipated benefits and synergies from the Urstadt Biddle merger.

### Risk Factors Related to Pandemics or other Health Crises

Pandemics or other health crises, such as the COVID-19 pandemic, may adversely affect our tenants' financial condition, the profitability of our properties, and our access to the capital markets and could have a material adverse effect on our business, results of operations, cash flows and financial condition.

### **Risk Factors Related to Operating Retail-Based Shopping Centers**

Economic and market conditions may adversely affect the retail industry and consequently reduce our revenues and cash flow and increase our operating expenses. Shifts in retail trends, sales, and delivery methods between brick-and-mortar stores, e-commerce, home delivery, and curbside pick-up may adversely impact our revenues, results of operations, and cash flows. Changing economic and retail market conditions in geographic areas where our properties are concentrated may reduce our revenues and cash flow. Our success depends on the continued presence and success of our “anchor” tenants. A percentage of our revenues are derived from “local” tenants and our net income may be adversely impacted if these tenants are not successful, or if the demand for the types or mix of tenants significantly change. We may be unable to collect balances due from tenants in bankruptcy. Many of our costs and expenses associated with operating our properties may remain constant or increase, even if our lease income decreases. Compliance with the Americans with Disabilities Act and other building, fire, and safety and regulations may have a material negative effect on us.

### **Risk Factors Related to Real Estate Investments**

Our real estate assets may decline in value and be subject to impairment losses which may reduce our net income. We face risks associated with development, redevelopment and expansion of properties. We face risks associated with the development of mixed-use commercial properties. We face risks associated with the acquisition of properties. We may be unable to sell properties when desired because of market conditions. Changes in tax laws could impact our acquisition or disposition of real estate.

### **Risk Factors Related to the Environment Affecting Our Properties**

Climate change may adversely impact our properties directly and may lead to additional compliance obligations and costs as well as additional taxes and fees. Geographic concentration of our properties makes our business more vulnerable to natural disasters, severe weather conditions and climate change. Costs of environmental remediation may adversely impact our financial performance and reduce our cash flow.

### **Risk Factors Related to Corporate Matters**

An increased focus on metrics and reporting relating to environmental, social, and governance (“ESG”) factors may impose additional costs and expose us to new risks. An uninsured loss or a loss that exceeds the insurance coverage on our properties may subject us to loss of capital and revenue on those properties. Failure to attract and retain key personnel may adversely affect our business and operations.

### **Risk Factors Related to Our Partnerships and Joint Ventures**

We do not have voting control over all of the properties owned in our real estate partnerships and joint ventures, so we are unable to ensure that our objectives will be pursued. The termination of our partnerships may adversely affect our cash flow, operating results, and our ability to make distributions to stock and unit holders.

### **Risk Factors Related to Funding Strategies and Capital Structure**

Our ability to sell properties and fund acquisitions and developments may be adversely impacted by higher market capitalization rates and lower NOI at our properties which may dilute earnings. We depend on external sources of capital, which may not be available in the future on favorable terms or at all. Our debt financing may adversely affect our business and financial condition. Covenants in our debt agreements may restrict our operating activities and adversely affect our financial condition. Increases in interest rates would cause our borrowing costs to rise and negatively impact our results of operations. Hedging activity may expose us to risks, including the risks that a counterparty will not perform and that the hedge will not yield the economic benefits we anticipate, which may adversely affect us.

### **Risk Factors Related to Information Management and Technology**

The unauthorized access, use, theft or destruction of tenant or employee personal, financial, or other data or of Regency's proprietary or confidential information stored in our information systems or by third parties on our behalf could impact our reputation and brand and expose us to potential liabilities and adverse financial impact. The use of technology based on artificial intelligence presents risks relating to confidentiality, creation of inaccurate and flawed outputs and emerging regulatory risk, any or all of which may adversely affect our business and results of operations.

### **Risk Factors Related to the Market Price for Our Securities**

Changes in economic and market conditions may adversely affect the market price of our securities. There is no assurance that we will continue to pay dividends at current or historical rates.

### **Risk Factors Related to the Company's Qualification as a REIT**

If the Company fails to qualify as a REIT for federal income tax purposes, it would be subject to federal income tax at regular corporate rates. Dividends paid by REITs generally do not qualify for reduced tax rates. Certain foreign shareholders may be subject to U.S. federal income tax on gain recognized on a disposition of our common stock if we do not qualify as a “domestically controlled” REIT. Legislative or other actions affecting REITs may have a negative effect on us or our investors. Complying with REIT requirements may limit our ability to hedge effectively and may cause us to incur tax liabilities. Partnership tax audit rules could have a material adverse effect.

### **Risk Factors Related to the Company's Common Stock**

Restrictions on the ownership of the Company's capital stock to preserve its REIT status may delay or prevent a change in control. The issuance of the Company's capital stock may delay or prevent a change in control. Ownership in the Company may be diluted in the future.

In-Process Development and Redevelopment Descriptions	
<b>Ground-up Developments</b>	
Glenwood Green	Located in Old Bridge, NJ (Metro NYC) and situated on Route 9, Glenwood Green is a 353k SF ground-up development anchored by Target, ShopRite and a medical office building; and includes approximately 70k SF of in-line shop space and leased outparcels.
Baybrook East - Phase 1B	Phase 1B of ground-up development in Houston, TX. The scope for Phase 1B calls for in-line shop space & outparcels for ground lease, representing approximately 50K SF. Combined with the previously completed Phase 1A, which features the market's leading grocer, H-E-B, Baybrook East will be approximately 156K SF.
Sienna - Phase 1	Located approximately 20 miles southwest of Houston, TX, in a 10,500-acre master-planned development that is consistently among the top-selling communities in the United States, Phase 1 will feature approximately 30k SF of shop space and outparcels.
The Shops at SunVet	Located in Long Island, NY, The Shops at SunVet will include the development of a vacant enclosed mall into a 167k open-air shopping center, anchored by Whole Foods and other leading retailers in a mix of junior anchors, shop space, and outparcels.
<b>Redevelopments</b>	
The Abbot	Generational redevelopment and modernization of three historic buildings in the heart of Harvard Square into an unparalleled mixed-use project with flagship retail and Class A office space.
Westbard Square Phase 1	Existing property includes a Giant-anchored retail center, a three-level office building, two gas stations, and a vacant senior housing building. Phase 1 of the redevelopment will include construction of a 126k SF retail building anchored by a 74k SF Giant, and realignment of Westbard Avenue at the intersection with River Road. Regency will also participate in a joint venture whereby the partner will construct a ~100-unit senior living building.
Buckhead Landing	Buckhead Landing will be anchored by a 55k SF Publix with 38k SF of junior anchors and 57k SF of restaurant & retail space. This redevelopment will include the complete scrape and rebuild of the existing anchor box, in addition to delivering extensive site improvements and enhanced placemaking.
Bloom on Third (fka Town & Country Center)	Located in Los Angeles, CA, directly across from The Grove and The Original Farmers Market, this transformational redevelopment will include the demolition of a former Kmart building into new retail space and approximately 300 luxury mid-rise apartments. Regency has partnered with a leading multifamily developer, who will construct the apartments on a ground lease.
Mandarin Landing	The redevelopment will transform a Whole Foods-anchored site in Jacksonville, FL into a modern healthy-living center, featuring a 25k SF medical care facility to replace a vacant, former Office Depot space. The project also features a reconfiguration of adjacent shop space, an additional pad building, and a full façade renovation.
Serramonte Center - Phase 3	Redevelopment of the northeastern portion of the site, including a backfill of the former J.C. Penney box and adjacent space, plus two exterior pads. The former J.C. Penney box will feature Jagalchi, a leading Asian grocer with locations in South Korea and the US.
Circle Marina Center	Acquired in 2019 with the intention of redevelopment, the project will transform an existing Staples box and adjacent shop space into a 23k SF prototype for Sprouts Farmers Market, plus reconfigured space for other leading retailers. In addition, the project will feature extensive site improvements, facade renovation, and enhanced placemaking.
Avenida Biscayne	A boutique retail development adjacent to Aventura Square, a Regency-owned asset in Miami's highly desirable Aventura submarket, that will include the complete scrape of all existing buildings and transformation of the property into three separate retail buildings, featuring first-class shop space and restaurants.
Cambridge Square	Transformational redevelopment adding a best-in-class grocer and featuring extensive improvement to the site and existing facades.
Various Redevelopments (est costs < \$10 million individually)	Various Redevelopment properties where estimated incremental costs at each project are less than \$10 million.

(a) Center GLA represents 100% of the owned GLA at the property, unless footnoted otherwise.

(b) Estimated Initial Rent Commencement represents the estimated date that the anchor or first tenants at each project will rent commence.

(c) Estimated Stabilization Year represents the estimated year that the project will reach the stated stabilized yield on an annualized basis.

(d) Represents Regency's pro-rata share of net project costs.

(e) A stabilized yield for a redevelopment property represents the incremental NOI (estimated stabilized NOI less NOI prior to project commencement) divided by the total project costs.

(1) Scope, economics and timing of development and redevelopment projects can change materially from estimates provided.

(2) Ground-up development or redevelopment that is excluded from the Same Property NOI pool.

(3) Estimated costs represent Regency's pro-rata share: Glenwood Green (70%); Baybrook East - Phase 1B (50%); Sienna Phase 1 (75%)

(4) GLA and % Leased represents: Westbard Square – Phase 1 only; Bloom on Third – fully redeveloped center (existing center is 73k SF and 100% leased); Mandarin Landing – fully redeveloped center (existing center is 129k SF and 98% leased); and The Crossing Clarendon – only includes the former office building now leased to Life Time Fitness and ground floor retail.

(5) Estimated costs are net of expected land sale proceeds of approximately \$50m.

Note: Regency's Estimate of Net Project Costs, after additional interest and overhead capitalization, are \$532,329 for Ground-up Developments and Redevelopments In-Process. Percent of costs incurred is 46% for Ground-up Developments and Redevelopments In-Process.

## Glossary of Terms

December 31, 2023

**Core Operating Earnings:** An additional performance measure used by Regency because the computation of Nareit FFO includes certain non-comparable items that affect the Company's period-over-period performance. Core Operating Earnings excludes from Nareit FFO: (i) transaction related income or expenses (ii) gains or losses from the early extinguishment of debt; (iii) certain non-cash components of earnings derived from straight-line rents, above and below market rent amortization, and debt and derivative mark-to-market amortization; and (iv) other amounts as they occur. The Company provides a reconciliation of Net Income Attributable to Common Shareholders to Nareit FFO to Core Operating Earnings.

**Development Completion:** A Property in Development is deemed complete upon the earlier of (i) 90% of total estimated net development costs have been incurred and percent leased equals or exceeds 95%, or (ii) the property features at least two years of anchor operations. Once deemed complete, the property is termed a Retail Operating Property.

**Fixed Charge Coverage Ratio:** Operating EBITDA<sub>re</sub> divided by the sum of the gross interest and scheduled mortgage principal paid to our lenders.

**Nareit Funds From Operations (Nareit FFO):** Nareit FFO is a commonly used measure of REIT performance, which the National Association of Real Estate Investment Trusts ("Nareit") defines as net income, computed in accordance with GAAP, excluding gains on sales and impairments of real estate, net of tax, plus depreciation and amortization, and after adjustments for unconsolidated partnerships and joint ventures. Regency computes Nareit FFO for all periods presented in accordance with Nareit's definition. Many companies use different depreciable lives and methods, and real estate values historically fluctuate with market conditions. Since Nareit FFO excludes depreciation and amortization and gains on sale and impairments of real estate, it provides a performance measure that, when compared year over year, reflects the impact on operations from trends in percent leased, rental rates, operating costs, acquisition and development activities, and financing costs. This provides a perspective of the Company's financial performance not immediately apparent from net income determined in accordance with GAAP. Thus, Nareit FFO is a supplemental non-GAAP financial measure of the Company's operating performance, which does not represent cash generated from operating activities in accordance with GAAP; and, therefore, should not be considered a substitute measure of cash flows from operations. The Company provides a reconciliation of Net Income Attributable to Common Shareholders to Nareit FFO.

**Net Operating Income (NOI):** The sum of base rent, percentage rent, recoveries from tenants, other lease income, and other property income, less operating and maintenance expenses, real estate taxes, ground rent, and uncollectible lease income. NOI excludes straight-line rental income and expense, above and below market rent and ground rent amortization, tenant lease inducement amortization, and other fees. The Company also provides disclosure of NOI excluding termination fees, which excludes both termination fee income and expenses.

**Non-Same Property:** During either calendar year period being compared, a property acquired, sold, a Property in Development, a Development Completion, or a property under, or being positioned for, significant redevelopment that distorts comparability between periods. Non-retail properties and corporate activities, including the captive insurance program, are part of Non-Same Property. Please refer to the footnote on Property Summary Report for Non-Same Property detail.

**Operating EBITDA<sub>re</sub>:** Nareit EBITDA<sub>re</sub> is a measure of REIT performance, which the Nareit defines as net income, computed in accordance with GAAP, excluding (i) interest expense; (ii) income tax expense; (iii) depreciation and amortization; (iv) gains on sales of real estate; (v) impairments of real estate; and (vi) adjustments to reflect the Company's share of unconsolidated partnerships and joint ventures. Operating EBITDA<sub>re</sub> excludes from Nareit EBITDA<sub>re</sub> certain non-cash components of earnings derived from straight-line rents and above and below market rent amortization. The Company provides a reconciliation of Net Income to Nareit EBITDA<sub>re</sub> to Operating EBITDA<sub>re</sub>.

**Property In Development:** Properties in various stages of ground-up development.

**Property In Redevelopment:** Retail Operating Properties under redevelopment or being positioned for redevelopment. Unless otherwise indicated, a Property in Redevelopment is included in the Same Property pool.

**Retail Operating Property:** Any retail property not termed a Property In Development. A retail property is any property where the majority of the income is generated from retail uses.

**Redevelopment Completion:** A Property in Redevelopment is deemed complete upon the earlier of (i) 90% of total estimated project costs have been incurred and percent leased equals or exceeds 95% for the company owned GLA related to the project, or (ii) the property features at least two years of anchor operations, if applicable.

**Same Property:** Retail Operating Properties that were owned and operated for the entirety of both calendar year periods being compared. This term excludes Property in Development, prior year Development Completions, and Non-Same Properties. Property in Redevelopment is included unless otherwise indicated.
