Buckhead Landing | Atlanta, GA

# Safe Harbor and Non-GAAP Disclosures

## Forward-Looking Statements

Certain statements in this document regarding anticipated financial, business, legal or other outcomes including business and market conditions, outlook and other similar statements relating to Regency's future events, developments, or financial or operational performance or results such as our 2025 Guidance, are "forward-looking statements" made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995 and other federal securities laws. These forward-looking statements are identified by the use of words such as "may," "will," "could," "should," "would," "expect," "estimate," "believe," "intend," "forecast," "project," "plan," "anticipate," "guidance," and other similar language. However, the absence of these or similar words or expressions does not mean a statement is not forward-looking. While we believe these forward-looking statements are reasonable when made, forward-looking statements are not guarantees of future performance or events and undue reliance should not be placed on these statements. Although we believe the expectations reflected in any forward-looking statements are based on reasonable assumptions, we can give no assurance these expectations will be attained, and it is possible actual results may differ materially from those indicated by these forward-looking statements due to a variety of risks and uncertainties. Our operations are subject to a number of risks and uncertainties including, but not limited to, those risk factors described in our Securities and Exchange Commission ("SEC") filings, our Annual Report on Form 10-K for the year ended December 31, 2024 ("2024 Form 10-K") under Item 1A, as supplemented by the discussion in Item 1A of Part II of our subsequent Quarterly Reports on Form 10-Q. When considering an investment in our securities, you should carefully read and consider these risks, together with all other information in our Annual Reports on Form 10-K, Quarterly Reports on Form 10-Q and our other filings and submissions to the SEC. If any of the events described in the risk factors actually occur, our business, financial condition or operating results, as well as the market price of our securities, could be materially adversely affected. Forward-looking statements are only as of the date they are made, and Regency undertakes no duty to update its forward-looking statements, whether as a result of new information, future events or developments or otherwise, except as to the extent required by law. These risks and events include, without limitation:

## Risk Factors Related to the Current Economic and Geopolitical Environments

Interest rates in the current economic environment may adversely impact our cost to borrow, real estate valuation, and stock price. Economic challenges and policy changes may adversely impact our tenants and our business. Unfavorable developments that may affect the banking and financial services industry could adversely affect our business, liquidity and financial condition, and overall results of operations. Current geopolitical challenges could impact the U.S. economy and consumer spending and our results of operations and financial condition. Evolving political and economic events and uncertainties, including tariffs, retaliatory tariffs, international trade disputes, and immigration policies could adversely impact the businesses of our tenants and our business.

## Risk Factors Related to Pandemics or other Public Health Crises

Pandemics or other public health crises may adversely affect our tenants financial condition, the profitability of our properties, and our access to the capital markets and could have a material adverse effect on our business, results of operations, cash flows and financial condition.

## Risk Factors Related to Operating Retail-Based Shopping Centers

Economic and market conditions may adversely affect the retail industry and consequently reduce our revenues and cash flow, and increase our operating expenses. Shifts in retail trends, sales, and delivery methods between brick-and-mortar stores, e-commerce, home delivery, and curbside pick-up may adversely impact our revenues, results of operations, and cash flows. Changing economic and retail market conditions in geographic areas where our properties are concentrated may reduce our revenues and cash flow. Our success depends on the continued presence and success of our "anchor" tenants. A percentage of our revenues are derived from "local" tenants and our net income may be adversely impacted if these tenants are not successful, or if the demand for the types or mix of tenants significantly change. We may be unable to collect balances due from tenants in bankruptcy. Many of our costs and expenses associated with operating our properties may remain constant or increase, even if our lease income decreases. Compliance with the Americans with Disabilities Act and other building, fire, and safety regulations may have a material negative effect on us.

## Risk Factors Related to Real Estate Investments

Our real estate assets may decline in value and be subject to impairment losses which may reduce our net income. We face risks associated with development, redevelopment, and expansion of properties. We face risks associated with the development of mixed-use commercial properties. We face risks associated with the acquisition of properties. We may be unable to sell properties when desired because of market conditions. Changes in tax laws could impact our acquisition or disposition of real estate.

## Risk Factors Related to the Environment Affecting Our Properties

Climate change may adversely impact our properties, some of which may be more vulnerable due to their geographic location, and may lead to additional compliance obligations and costs. Costs of environmental remediation may adversely impact our financial performance and reduce our cash flow.

## Risk Factors Related to Corporate Matters

An increased focus on metrics and reporting related to environmental, social, and governance ("ESG") factors by investors and other stakeholders may impose additional costs and expose us to new risks. An uninsured loss or a loss that exceeds the insurance coverage on our properties may subject us to loss of capital and revenue on those properties. Failure to attract and retain key personnel may adversely affect our business and operations.

## Risk Factors Related to Our Partnerships and Joint Ventures

We do not have voting control over all of the properties owned in our real estate partnerships and joint ventures, so we are unable to ensure that our objectives will be pursued. The termination of our partnerships may adversely affect our cash flow, operating results, and our ability to make distributions to stock and unit holders.

## Risk Factors Related to Funding Strategies and Capital Structure

Our ability to sell properties and fund acquisitions and developments may be adversely impacted by higher market capitalization rates and lower NOI at our properties which may adversely affect results of operations and financial condition. We depend on external sources of capital, which may not be available in the future on favorable terms or at all. Our debt financing may adversely affect our business and financial condition. Covenants in our debt agreements may restrict our operating activities and adversely affect our financial condition. Increases in interest rates would cause our borrowing costs to rise and negatively impact our results of operations. Hedging activity may expose us to risks, including the risks that a counterparty will not perform and that the hedge will not yield the economic benefits we anticipate, which may adversely affect us.

## Risk Factors Related to Information Management and Technology

The unauthorized access, use, theft or destruction of tenant or employee personal, financial or other data, or of Regency's proprietary or confidential information stored in our information systems or by third parties on our behalf, could impact operations, and expose us to potential liabilities and material adverse financial impact. Any actual or perceived failure to comply with new or existing laws, regulations and other requirements relating to the privacy, security and processing of personal information could adversely affect our business, results of operations, or financial condition. The use of technology based on artificial intelligence presents risks relating to confidentiality, creation of inaccurate and flawed outputs and emerging regulatory risk, any or all of which may adversely affect our business and results of operations.

## Risk Factors Related to Taxes and the Parent Company's Qualification as a REIT

If the Parent Company fails to qualify as a REIT for federal income tax purposes, it would be subject to federal income tax at regular corporate rates. Dividends paid by REITs generally do not qualify for reduced tax rates. Certain non-U.S. stockholders may be subject to U.S. federal income tax on gain recognized on a disposition of our common stock if the Parent Company does not qualify as a "domestically controlled" REIT. Legislative or other actions affecting REITs may have a negative effect on us or our investors. Complying with REIT requirements may limit our ability to hedge effectively and may cause us to incur tax liabilities. Partnership tax audit rules could have a material adverse effect.

## Risk Factors Related to the Company's Common Stock

Restrictions on the ownership of the Parent Company's capital stock to preserve its REIT status may delay or prevent a change in control. The issuance of the Parent Company's capital stock may delay or prevent a change in control. Ownership in the Parent Company may be diluted in the future. The Parent Company's amended and restated bylaws provides that the courts located in the State of Florida will be the sole and exclusive forum for substantially all disputes between us and our stockholders, which could limit our stockholders' ability to obtain a favorable judicial forum for disputes with us or our directors, officers, or employees. There is no assurance that we will continue to pay dividends at current or historical rates.

## Non-GAAP Disclosure

We believe these non-GAAP measures provide useful information to our Board of Directors, management and investors regarding certain trends relating to our financial condition and results of operations. Our management uses these non-GAAP measures to compare our performance to that of prior periods for trend analyses, purposes of determining management incentive compensation and budgeting, forecasting and planning purposes.

We do not consider non-GAAP measures an alternative to financial measures determined in accordance with GAAP, rather they supplement GAAP measures by providing additional information we believe to be useful to our shareholders. The principal limitation of these non-GAAP financial measures is they may exclude significant expense and income items that are required by GAAP to be recognized in our consolidated financial statements. In addition, they reflect the exercise of management's judgment about which expense and income items are excluded or included in determining these non-GAAP financial measures. In order to compensate for these limitations, reconciliations of the non-GAAP financial measures we use to their most directly comparable GAAP measures are provided. Non-GAAP financial measures should not be relied upon in evaluating the financial condition, results of operations or future prospects of the Company.

Nareit FFO is a commonly used measure of REIT performance, which the National Association of Real Estate Investment Trusts ("Nareit") defines as net income, computed in accordance with GAAP, excluding gains on sale and impairments of real estate, net of tax, plus depreciation and amortization related to real estate, and after adjustments for unconsolidated real estate partnerships. Regency computes Nareit FFO for all periods presented in accordance with Nareit's definition. Since Nareit FFO excludes depreciation and amortization and gains on sales and impairments of real estate, it provides a performance measure that, when compared year over year, reflects the impact on operations from trends in percent leased, rental rates, operating costs, acquisition and development activities, and financing costs. This provides a perspective of the Company's financial performance not immediately apparent from net income determined in accordance with GAAP. Thus, Nareit FFO is a supplemental non-GAAP financial measure of the Company's operating performance, which does not represent cash generated from operating activities in accordance with GAAP; and, therefore, should not be considered a substitute measure of cash flows from operations. The Company provides a reconciliation of Net Income Attributable to Common Shareholders to Nareit FFO.

Core Operating Earnings is an additional performance measure that excludes from Nareit FFO: (i) transaction related income or expenses; (ii) gains or losses from the early extinguishment of debt; (iii) certain non-cash components of earnings derived from above and below market rent amortization, straight-line rents, and amortization of mark-to-market of debt and derivative adjustments; and (iv) other amounts as they occur. The Company provides a reconciliation of Net Income Attributable to Common Shareholders to Nareit FFO to Core Operating Earnings.

Adjusted Funds From Operations is an additional performance measure used by Regency that reflects cash available to fund the Company's business needs and distribution to shareholders. AFFO is calculated by adjusting Core Operating Earnings ("COE") for (i) capital expenditures necessary to maintain and lease the Company's portfolio of properties, (ii) debt cost and derivative adjustments and (iii) stock-based compensation. The Company provides a reconciliation of Net Income Attributable to Common Shareholders to Nareit FFO, to Core Operating Earnings, and to Adjusted Funds from Operations.

# Unequaled Combination of Strategic Advantages

## High Quality Open-Air Shopping Center Portfolio

- Located in suburban trade areas with compelling demographic trends
- 85%+ grocery-anchored neighborhood and community centers
- Necessity, service, convenience, and value retailers serving the essential needs of our communities

## Best-In-Class Operating Platform

- 20+ offices throughout the country working with tenants and vendors at more than 480 properties
- Unparalleled team of experienced professionals with local expertise and strong tenant relationships
- Intense asset management model enables close tenant communication

## Differentiated Value Creation Platform

- Deep pipeline of development and redevelopment opportunities
- More than \$500M of projects in process today
- Ground-up development is a key differentiator
- Well-positioned to create value over the long-term

## Balance Sheet Strength and Ample Liquidity

- Low leverage with limited near-term maturities
- Sector-leading credit ratings (Moody's A3 / S&P A-)
- Net Debt & Preferred Stock to Trailing 12-Month EBITDA of 5.3x
- ~\$1.5B revolver availability as of 6/30/25

# Mission, Vision & Values

## MISSION

Regency Centers creates thriving environments for retailers and service providers to connect with surrounding neighborhoods and communities.

## VISION

To elevate quality of life as an integral thread in the fabric of our communities.

## CORE VALUES

### We are our people.

Our people are our greatest asset, and we believe a talented team from differing backgrounds and experiences makes us better.

### We do what is right.

We believe in acting with unwavering standards of honesty and integrity.

### We connect with our communities.

We promote philanthropic ideals and strive for the betterment of our neighborhoods by giving our time and financial support.

### We are responsible.

Our duty is to balance purpose and profit, being good stewards of capital and the environment for the benefit of all our stakeholders.

### We strive for excellence.

When we are passionate about what we do, it is reflected in our performance.

### We are better together.

When we listen to each other and our customers, we will succeed together.

# 2025 Earnings Guidance Summary

Full Year 2025 Guidance (in thousands, except per share data)	YTD Actual	Current 2025 Guidance	Prior 2025 Guidance
Net Income Attributable to Common Shareholders per diluted share	\$1.15	\$2.28 - \$2.32	\$2.25 - \$2.31
Nareit Funds From Operations ("Nareit FFO") per diluted share	\$2.31	\$4.59 - \$4.63	\$4.52 - \$4.58
Core Operating Earnings per diluted share <sup>(1)</sup>	\$2.20	\$4.36 - \$4.40	\$4.30 - \$4.36
Same property NOI growth without termination fees	5.8%	+4.5% to +5.0%	+3.2% to +4.0%
Non-cash revenues <sup>(2)</sup>	\$24,019	+/- \$49,000	+/- \$46,000
G&A expense, net <sup>(3)</sup>	\$47,484	\$93,000 - \$96,000	\$93,000 - \$96,000
Interest expense, net and Preferred stock dividends <sup>(4)</sup>	\$115,533	\$235,000 - \$237,000	\$232,000 - \$235,000
Management, transaction and other fees	\$13,529	+/- \$27,000	+/- \$27,000
Development and Redevelopment spend	\$140,321	+/- \$300,000	+/- \$250,000
Acquisitions	\$138,282	+/- \$500,000	+/- \$140,000
<i>Cap rate (weighted average)</i>	5.5%	+/- 6.0%	+/- 5.5%
Dispositions	\$5,550	+/- \$75,000	+/- \$75,000
<i>Cap rate (weighted average)</i> <sup>(5)</sup>	6.2%	+/- 5.5%	+/- 6.0%
Share/unit issuances <sup>(6)</sup>	\$0	\$300,000	\$100,000

Note: Figures above represent 100% of Regency's consolidated entities and its pro-rata share of unconsolidated real estate partnerships, with the exception of items that are net of noncontrolling interests including per share data, "Development and Redevelopment spend," "Acquisitions," and "Dispositions".

(1) Core Operating Earnings excludes from Nareit FFO: (i) transaction related income or expenses; (ii) gains or losses from the early extinguishment of debt; (iii) certain non-cash components of earnings derived from straight-line rents, above and below market rent amortization, and debt and derivative mark-to-market amortization; and (iv) other amounts as they occur.

(2) Includes above and below market rent amortization and straight-line rents, and excludes debt and derivative mark to market amortization.

(3) Represents 'General & administrative, net' before gains or losses on deferred compensation plan, as reported on supplemental pages 7 and 8 and calculated on a pro rata basis.

(4) Includes debt and derivative mark to market amortization, and is net of interest income.

(5) Disposition guidance cap rate of +/- 5.5% excludes the \$11M sale of 101 7th Avenue on 7/1/2025, which was vacant at the time of closing.

(6) Share/unit issuances guidance of \$300M reflects (i) \$100M of unsettled common equity raised on a forward basis through the Company's ATM in 4Q24, and (ii) \$200M from the Company's issuance of operating partnership units for the funding of the 5-asset portfolio acquisition in Orange County, CA in 3Q25.

# Nareit FFO Reconciliation: Updated 2025 Guidance

- **We forecast ~7% y/y growth in Nareit FFO per share** at the midpoint of guidance; primarily driven by:
  - SP NOI growth of +4.5% to +5.0%, including credit loss of 75-85bps as a % of revenues
  - Accretion from net investment activity, driven by impacts from acquisitions, development, and share repurchases
- **We raised Nareit FFO guidance by +6c at the midpoint** from a quarter ago, primarily driven by:
  - Higher SP NOI growth, driven by improved expectations for average commenced occupancy, expense recovery rate, and credit loss
  - Greater accretion from investment activity, primarily associated with the recently-announced RMV acquisition (+1c per share net of financing)

2024 Nareit FFO Per Diluted Share	\$4.30	Primary Drivers of Y/Y Change	Chg from Previous
<b>Total NOI (Cash)</b>	<b>@ Midpoint</b>		<b>@ Midpoint</b>
Same Property NOI (ex. Term Fees)	0.26	Growth of +4.5% to +5.0% (ex. term fees)	+6c
NOI Impact from Net Acquisitions	0.09	2024 & 2025 acquisitions & dispositions	+6c
Other Non-SP NOI	0.02		-1c
<b>Other Items</b>			
Non-Cash Revenues <sup>(1)</sup>	0.02	+/- \$49M in 2025 vs. \$45M in 2024	+1c
G&A Expense, net <sup>(2)</sup>	0.01	\$93M to \$96M in 2025 vs. \$96.5M in 2024	
Third Party Management Fees	0.00	+/- \$27M in 2025	
Interest Expense, net & Preferred Dividends <sup>(3)</sup>	(0.11)	Driven by debt refinancing & investment financing in 2024 & 2025	-1c
Other Expense	(0.01)		-1c
Merger-Related Transition Expense	0.04	N/A in 2025 vs. \$7M in 2024	
Share Count Impact (Share/Unit Issuance & Repurchases) <sup>(4)</sup>	(0.01)	Net impact of '24 share repurchase, '25 ATM settlement and RMV unit issuance	-4c
<b>2025 Nareit FFO Per Diluted Share Guidance</b>	<b>\$4.59 to \$4.63</b>	<b>Implies Y/Y growth of ~7% at the midpoint</b>	<b>+6c</b>
<b>Reconciliation from Nareit FFO to Core Operating Earnings (COE)</b>			
Reverse: Non-Cash Items <sup>(5)</sup>	(0.23)	Non-cash revenues of ~\$49M, offset by non-cash interest expense of ~\$6M	
<b>2025 Core Operating Earnings (COE) Per Diluted Share Guidance</b>	<b>\$4.36 to \$4.40</b>	<b>Implies Y/Y growth of ~6% at the midpoint</b>	<b>+5c</b>

Note: All figures are pro rata.

(1) Guidance for 'Non-Cash Revenues' includes above and below market rent amortization and straight-line rents, and excludes debt and derivative mark-to-market amortization.

(2) Guidance for "G&A expense, net" represents "General & administrative, net" as reported on supplemental pages 6 & 7, before gains or losses on deferred compensation plan.

(3) Guidance for 'Interest Expense and Preferred Dividends' includes debt and derivative mark-to-market amortization, and is net of interest income.

(4) The weighted average diluted share count for the calculation of Nareit FFO in 2025 is expected to be approximately **184.5M shares**, including the impact of share repurchases and equity/OP unit issuance.

(5) Guidance for 'Non-Cash Items' includes above and below market rent amortization and straight-line rents, offset by debt and derivative mark-to-market amortization.

# Runway For Commenced Occupancy Upside

We believe we have further upside opportunity in commenced occupancy, with the potential to exceed our prior peak of 94.5%

The current spread between our leased and commenced occupancy rates is 260bps (historically ~175bps), representing ~\$38M of incremental pro-rata ABR

# SNO Commencement Timing & Composition

Our signed-not-occupied (SNO) pipeline reflects a 260bp leased-to-occupied spread, representing ~\$38M of base rent

**Of the \$38M of base rent represented by leases signed within our current SNO pipeline (as of 6/30/25):**

- 64% is expected to rent commence by year-end 2025, and **100%** is expected to rent commence by year-end 2026
- **18%** is expected to be recognized as income in 2025, and **82%** is expected to be recognized as income in 2026

# Components of Same Property NOI Growth

Total rent growth is the largest contributor to sustainable SP NOI growth over the long term

# Necessity, Service, Convenience & Value Retail

- **‘Grocery’** remains Regency’s top category exposure, and is a vital component of our strategy
- **‘Restaurant’** exposure (quick-service & full-service) has remained in the 17-20% range over time, complementing our grocer offerings and merchandising strategy
- **‘Medical & Fitness’** exposure continues to grow along with evolving lifestyles and demographic trends, and is notably higher (+200bps) since 2020
- **‘Pharmacy’** exposure has steadily and intentionally declined over the past 5 years and is currently <3%

# Q325 Acquisition: Rancho Mission Viejo (“RMV”) Portfolio

On July 23, 2025, Regency acquired a five-property portfolio of premier shopping centers for \$357M located in the Rancho Mission Viejo community in South Orange County, CA

- One of SoCal’s most sought-after suburban submarkets
- Strong trade area demographics, including 3-mile average HHI >\$200K
- Five centers collectively total ~630K SF and are 97% leased
- High-performing grocery anchors
- Strategically positioned at primary intersections
- \$357M purchase accretively funded primarily through:
  - Operating partnership units at \$72 per share
  - Assumption of \$150M of debt at a 4.2% weighted average interest rate and average term to maturity of approximately 12 years

# Balance Sheet Strength - Regency's Philosophy

We intentionally prioritize conservative leverage levels and a laddered debt maturity schedule

**A low-leveraged balance sheet maximizes free cash flow, provides stability and flexibility through cycles, and supports reliable access to low-cost capital allowing us to remain opportunistic**

- Leverage in the 5.0x to 5.5x net debt + preferred stock-to-operating EBITDA range
- Well-laddered debt maturity schedule, with no more than 15% of total debt maturing annually
- Ample immediate liquidity including revolver capacity and cash on hand

**Pro Rata Debt Maturity Profile as of June 30, 2025**

## Capital Structure

(% of total capitalization)

# Embodied Corporate Responsibility

Corporate responsibility is strategic to the long-term sustainability and success of our business, our shareholders, and the environment

## Regency's Four Pillars of Corporate Responsibility

People & Culture

Our Communities

Ethics & Governance

Environmental Stewardship

**Regency's best-in-class corporate responsibility program is a foundational strategy and allows us to:**

- Sustain and grow our business to generate value for our shareholders
- “Do what is right,” consistent with our values and objectives
- Build on our strong culture, driving employee engagement
- Promote best-in-class corporate governance
- Generate cost savings and minimize emissions through energy efficiency
- Cost effectively mitigate climate risk
- Reduce our cost of capital

# Glossary of Terms

**Adjusted Funds From Operations (AFFO):** An additional performance measure used by Regency that reflects cash available to fund the Company's business needs and distribution to shareholders. AFFO is calculated by adjusting Core Operating Earnings for (i) capital expenditures necessary to maintain and lease the Company's portfolio of properties, (ii) debt cost and derivative adjustments and (iii) stock-based compensation.

**Core Operating Earnings:** An additional performance measure used by Regency because the computation of Nareit Funds from Operations ("Nareit FFO") includes certain non-comparable items that affect the Company's period-over-period performance. Core Operating Earnings excludes from Nareit FFO: (i) transaction related income or expenses; (ii) gains or losses from the early extinguishment of debt; (iii) certain non-cash components of earnings derived from straight-line rents, above and below market rent amortization, and debt and derivative mark-to-market amortization; and (iv) other amounts as they occur. The Company provides a reconciliation of both Net Income Attributable to Common Shareholders to Nareit FFO and Nareit FFO to Core Operating Earnings.

**Development Completion:** A Property in Development that is deemed complete upon the earlier of (i) 90% of total estimated net development costs have been incurred and percent leased equals or exceeds 95%, or (ii) the property features at least two years of anchor operations. Once deemed complete, the property is termed a Retail Operating Property.

**Fixed Charge Coverage Ratio:** Operating EBITDA are divided by the sum of the gross interest and scheduled mortgage principal paid to our lenders.

**Nareit Funds From Operations (Nareit FFO):** Nareit FFO is a commonly used measure of REIT performance, which Nareit defines as net income, computed in accordance with GAAP, excluding gains on sales and impairments of real estate, net of tax, plus depreciation and amortization, and after adjustments for unconsolidated real estate investment partnerships and joint ventures. Regency computes Nareit FFO for all periods presented in accordance with Nareit's definition. Companies use different depreciable lives and methods, and real estate values historically fluctuate with market conditions. Since Nareit FFO excludes depreciation and amortization and gains on sale and impairments of real estate, it provides a performance measure that, when compared year over year, reflects the impact on operations from trends in percent leased, rental rates, operating costs, acquisition and development activities, and financing costs. This provides a perspective of the Company's financial performance not immediately apparent from net income determined in accordance with GAAP. Thus, Nareit FFO is a supplemental non-GAAP financial measure of the Company's operating performance, which does not represent cash generated from operating activities in accordance with GAAP; and, therefore, should not be considered a substitute measure of cash flows from operations. The Company provides a reconciliation of Net Income Attributable to Common Shareholders to Nareit FFO.

**Net Operating Income (NOI):** The sum of base rent, percentage rent, termination fee income, tenant recoveries, other lease income, and other property income, less operating and maintenance expenses, real estate taxes, ground rent, termination expense, and uncollectible lease income. NOI excludes straight-line rental income and expense, above and below market rent and ground rent amortization, tenant lease inducement amortization, and other fees. The Company also provides disclosure of NOI excluding termination fees, which excludes both termination fee income and expenses. Management believes that NOI is a useful measure for investors because it provides insight into the core operations and performance of our properties, independent of the capital structure, financing activities, and non-operating factors. By focusing on property-level performance, NOI allows investors to compare the profitability of our real estate assets across periods and with those of other REIT peers in the industry, facilitating a clearer understanding of trends in occupancy, rental income, and operating expense management. In addition to its relevance for investors, management uses NOI as a key performance metric in making operational and strategic decisions. NOI is used to evaluate income generated from shopping centers (i.e., return on assets) and to guide decisions on capital investments. These decisions may include acquisitions, redevelopments, and investments in capital improvements.

**Non-Same Property:** Any property, during either calendar year period being compared, that was acquired, sold, a Property in Development, a Development Completion, or a property under, or being positioned for, significant redevelopment that distorts comparability between periods. Non-retail properties and corporate activities, including the captive insurance program, are part of Non-Same Property. Please refer to the footnote on Property Summary Report for Non-Same Property detail.

**Operating EBITDA:** Nareit EBITDA is a measure of REIT performance, which the Nareit defines as net income, computed in accordance with GAAP, excluding (i) interest expense; (ii) income tax expense; (iii) depreciation and amortization; (iv) gains on sales of real estate; (v) impairments of real estate; and (vi) adjustments to reflect the Company's share of unconsolidated partnerships and joint ventures. Operating EBITDA excludes from Nareit EBITDA certain non-cash components of earnings derived from straight-line rents and above and below market rent amortization. The Company provides a reconciliation of Net Income to Nareit EBITDA to Operating EBITDA.

# Glossary of Terms

**Other lease income:** includes revenue derived from various lease-related activities beyond standard base or percentage rent. This primarily includes income from temporary tenants, late fees, signage and marketing fees, sustainability income, land/building rentals, communications tower leases, tenant/employee parking fees, incidental income, and other ancillary charges generally outlined in lease agreements.

**Other property income:** includes parking fees and other incidental income from the properties and is generally recognized at the point in time that the performance obligation is met.

**Pro-rata information:** includes 100% of the Company's consolidated properties plus its economic share (based on the ownership interest) in the unconsolidated real estate investment partnerships. The Company provides Pro-rata financial information because Regency believes it assists investors and analysts in estimating the economic interest in the consolidated and unconsolidated real estate investment partnerships, when read in conjunction with the Company's reported results under GAAP. The Company believes presenting its Pro-rata share of assets, liabilities, operating results, and other metrics, along with certain other non-GAAP measures, makes comparisons of its operating results to those of other REITs more meaningful. The Pro-rata information provided is not, nor is it intended to be, presented in accordance with GAAP. The Pro-rata supplemental details of assets and liabilities and supplemental details of operations reflect the Company's proportionate economic ownership of the assets, liabilities, and operating results of the properties in our portfolio.

The Pro-rata information is prepared on a basis consistent with the comparable consolidated amounts and is intended to more accurately reflect the Company's proportionate economic interest in the assets, liabilities, and operating results of properties in its portfolio. The Company does not control the unconsolidated real estate partnerships, and the Pro-rata presentations of the assets and liabilities, and revenues and expenses do not represent our legal claim to such items. The partners are entitled to profit or loss allocations and distributions of cash flows according to the operating agreements, which generally provide for such allocations according to their invested capital. The Company's share of invested capital establishes the ownership interests Regency uses to prepare its Pro-rata share. The presentation of Pro-rata information has limitations which include, but are not limited to, the following:

- The amounts shown on the individual line items were derived by applying our overall economic ownership interest percentage determined when applying the equity method of accounting and do not necessarily represent our legal claim to the assets and liabilities, or the revenues and expenses; and
- Other companies in our industry may calculate their Pro-rata interest differently, limiting the comparability of Pro-rata information.

Because of these limitations, the Pro-rata financial information should not be considered independently or as a substitute for the financial statements as reported under GAAP.

The Company compensates for these limitations by relying primarily on our GAAP financial statements, using the Pro-rata information as a supplement.

**Property In Development:** Properties in various stages of ground-up development.

**Property In Redevelopment:** Retail Operating Properties under redevelopment or being positioned for redevelopment. Unless otherwise indicated, a Property in Redevelopment is included in the Same Property pool.
